## RANCHER JAILED IN ATTACK CASE

E. H. Burger, 40, a prominent rancher, living northwest of Anaheim, was rushed to the county jail today, for fear of violence on the part of the enraged residents of the district, after he had been arrested and arraigned this morning on a charge of criminally attacking the 13-year-old daughter of Mrs. Murrhead, who is said to have been Burger's housekeeper. The alleged attack took place last night, it is said.

After Burger's arraignment, he was given a preliminary examination before Justice of the Peace Hoffman of Buena Park. Burger pleaded not guilty and was bound over for trial on a charge of felony.

Mrs. Murrhead, declared to have been Burger's housekeeper for about eight months, is said to be a widow and to have two small children in addition to her 13-year-old daughter. Feeling is said to be running high in the Anaheim district, and every possible precaution was taken to disperse mobs of citizens which authorities feared might try to intercept the machine bringing Burger to the county jail in Santa Ana.

## ANAHEIM FIRM TO MAKE FRUIT DRINKS

Articles of incorporation of the Anaheim Manufacturing company, which proposes to manufacture fruit juice drinks and similar products, have been filed with the county clerk. The principal place of business of the concern will be at Anaheim. The directors are Percy P. Powell, Spokane, Wash.; Ernest Bloch, Anaheim, and Joseph E. Hannon, San Gabriel. The capital stock of the concern is placed at \$150,000, divided into 1500 shares of a par value of \$100 each.

## SUSPECT IN WALNUT THEFT IS ARRAIGNED

Antonio Madera, arrested on a charge of having stolen six sacks of walnuts, valued at \$66, from A. T. Colbert, was arraigned today in Justice Cox's court. His preliminary hearing was set for October 26. He was held on \$200 bail, of which J. Iwakuma, has stated that he will put up \$200, cash, and I. M. Galavias \$100, cash. They are said to be Madera's employers. The six sacks of walnuts alleged to have been stolen are in possession of the sheriff's office.

## MAKE BIG PLANS FOR PHELAN'S VISIT

United States Senator James D. Phelan, Democratic nominee for the position now held by Phelan, will speak at the city hall, Santa Ana, Friday evening of this week. Preliminary arrangements for the meeting were made at a conference held here Saturday afternoon between a number of local Democrats and Ivan St. John of Los Angeles, a headquarters man for Senator Phelan. St. John was Southern California manager for William Kent's campaign for the Republican nomination for United States Senator, and is now out for Phelan.

Phelan's address in Santa Ana will be in the evening. During the afternoon he will speak at Fullerton, Anaheim and Orange.

## EASTERN GRIDDERS BUNCHED IN BATTLE

NEW YORK, Oct. 18.—Approaching the half way mark in the 1920 football season, all the big eastern eleven except Yale are still bunched and in the West five of the conference eleven, Michigan, Wisconsin, Illinois, Ohio State and Chicago, remain undefeated and Notre Dame has her slate clean.

Centre College is running along the same form that won the championship of the South last season, but as yet the Danville wizards have not met real opposition.

Saturday was expected to shake the sieve in the East for the first time at Syracuse, but Pittsburgh and the orange eleven battled to a tie and the situation remained unchanged.

Of the Western eleven Wisconsin's victory over Northwestern gives her a slight advantage inasmuch as Northwestern has defeated Minnesota.

Harvard and Princeton won so easily against weak opponents, that the critics had no opportunity for comparison. Penn and Dartmouth showed real form in defeating Lafayette and Holy Cross.

Yale presented a sorry plight while losing to Boston College. The big Blue eleven played raggedly, tackled poorly and handled the ball terribly.

At 7½ cents per mile, 5 people can travel for less than bus, train or street car fare, not to say anything about the added conveniences and comfort in going and coming when and where others don't go. When taking your next day's outing, remember Copson rents cars without drivers.

## POLICE, MINERS RIOT IN STRIKE

(Continued from page one)

Council of Scottish Railway Workers. "The railway men of Scotland are prepared to cease work at noon tomorrow (Monday) in support of the miners," that organization telegraphed the miners' executive.

There was a fear the Scottish decision might determine railway men here to leave their work before they are forced out of employment by the coal shortage.

Robert Smillie, president of the Miners' Federation, made the first of his appeals to the fighting spirit of his men in a speech last night in Lark hall, Scotland.

Smillie spoke before a holiday gathering of miners. Many were accompanied by their wives, to whom Smillie appealed for aid.

"This fight is the most serious in British history," Smillie said. "The government plans to use all its power to defeat us. Our success depends on your loyalty and courage. Your executives rejected the government's offer to lay our demands before an independent tribunal because we cannot trust such a tribunal."

Smillie charged colliery owners deliberately cut down the output as an argument for restoration of the mines to them after the long period of government control.

The government was well prepared for the strike. Plans had been completed for transportation of food and other necessities and schedules for users of coal were made public.

Claims that parliament can settle the strike within a week if it chooses were advanced in some sections, giving the users hope something might develop along that line.

The Daily News suggested the Prince of Wales as a mediator.

## N. Y. STOCK MARKET HIT BY BRITISH STRIKE

NEW YORK, Oct. 18.—Fear that the British coal strike may involve other industries caused heavy selling on the cotton exchange here today. Prices broke thirty to forty points at the opening, with all options at or near 18-cent level except spot month, which at \$19.45, was off three.

Shortly afterward short covering and buying by Liverpool caused a recovery of 20 to 30 points. Cables predicted half the Lancashire spindles would be idle by the end of the week.

## NIGHT SCHOOL

now going. You can qualify this winter for a good position. Why not turn your leisure hours into more salary? Courses in book-keeping, shorthand, typist, English, secretarial work, accountancy, law and salesmanship. Enter any time.

## Deaths

PUMPHREY—On October 17, 1920, Mrs. Emily E. Pumphrey, wife of Charles H. Pumphrey, mother of James, Marshall, Oscar and Lillian Pumphrey.  
Funeral services Tuesday at 10:30 a. m. at the parlors of George K. Willett, 731 West Washington, Los Angeles. Mrs. Pumphrey was well known in Santa Ana. Mr. and Mrs. Pumphrey moved to Los Angeles several months ago.

CARD OF THANKS  
We wish to express our heartfelt appreciation of the kindness and sympathy expressed by our newly made friends during our bereavement.  
MR. L. C. NEAL AND FAMILY.

## New York Stock Market

NEW YORK, Oct. 18.—Prices were irregular at the opening of the New York Stock Exchange today. They included: Texas 34 3/4, off 1/4; U. S. Steel 87 1/2, up 1/4; Southern Pacific 100, up 1/4; Mexican Petroleum 130, unchanged; New York Central 8 1/2, off 1/4; Crucible 120, off 1/4; Reading 98, unchanged; Amalgamated 48 1/2, off 1/4.  
The market showed a reaction before the end of the first half hour. Both American Woolen and Sears Roebuck made new lows for the year and Sterling exchange got down to \$3.43, the lowest it has reached since March. This was accepted as a reflection of the British coal strike. Oils held up well.  
Regular dividends are expected to be declared at the meeting of directors of the United States Steel Corporation, October 25. Earnings for the third quarter are estimated at from \$40,000,000 to \$50,000,000.

NEW YORK, Oct. 18.—Foreign exchange quotations lower today. Opening quotations: Sterling \$3.43 3/4 off 1/4; francs .0648, off .0001; lire .0039, off .0001; marks .0140, off .0002; Canadian dollars .9035.

NEW YORK, Oct. 18.—Sugar quiet. Raw 800; refined quiet; granulated 1100; Spot 7; Rio 6 3/8; No. 4 Santos 11 1/16.

## PAY \$328 FINE FOR GIVING BIRDS GRAIN

LONDON, Oct. 18.—Hubert Devalley, ornithologist of Brinley Court, Herefordshire, was fined £50 to £15 15s. (in all about \$328, normally) in a Police court recently upon the admission of his head bouncer that he had fed grain to the flamingoes and other birds in the Brinley Court aviaries. He explained that the grain was only 75 per cent. fit for human food, but that did not excuse him. Although a Magistrate, Mr. Astley pleaded ignorance of the food law. He has written a book, "My Birds in Freedom and Captivity." His aviaries are celebrated.

STRIKE BEDROCK AT 100 FT. CALIFORNIA, Oct. 18.—Engineers working under instructions of the United States Reclamation Service have driven holes to a depth of 100 feet at the proposed Boulder dam site without striking bedrock, according to a report received by Imperial Irrigation district. C. M. Sair, of Longdale, Nevada, who is interested in the district, in a recent letter to the board of directors, tells of a recent visit to the site and the work accomplished by the engineering and construction staffs. He says the engineers are confident from the strata encountered that only a few feet need be drilled to strike rock upon which the dam can safely be based.

# October Sale Silks and Woolens

## Begins Tomorrow at Rankin's

### The World's Finest Fabrics at the Most Astounding Reduction in Years

Accustomed as we are to doing big things in a big way, we ourselves are almost amazed at our daring in attempting a sale of this magnitude, a sale that is bound to have far-reaching effects upon the costs of dressing well, a sale of the kind of silks that have made Rankin's famous as a silk store beyond compare.

Knowing what quotations are on all lines for Spring and Summer 1921 delivery, we say to you that these are the lowest prices at which GOOD SILKS can be bought for at least another year, and we cannot impress upon you too strongly that this is the chance of all chances in view. THIS SALE ENDS NEXT MONDAY, OCTOBER 25.

## THE CHEERFUL CHERUB

We do such silly things  
I think,  
Like paying calls and  
curling hair—  
Our lives that might  
be broad and free  
Are foolish gestures  
here and  
there.  
BY CANN

## City and County

George S. Briggs and Howard Timmons have returned from a hunting trip in the vicinity of Winslow, Arizona. Briggs was in the field for about three weeks and was joined later by Timmons. Briggs shot a deer during the first part of the trip.

Farm Advisor Wahlberg will be in Berkeley this week attending the fall conference of farm advisors from all over the state. He left for Berkeley Saturday.

J. R. Waters, assistant farm advisor, is home from the State Farm School at Davis, where he attended the conference of boys' agricultural club representatives. Billie Middleton of Costa Mesa, and two boys from Imperial and Riverside were under Waters' escort.

The Men's Club is to hold its first

meeting of the winter at the parish hall of the Church of the Messiah on Thursday evening, 6:30 o'clock. "Plans for the reorganization of the club are to be discussed," says a notice sent out by M. L. Keeler, secretary.

A. E. Koepsel, chairman of the Republican county central committee, and Walter Eden, who will be elected state senator, were in Riverside today for a conference with Gov. Stephens relative to the campaigning to be done in this county Saturday by the governor and Samuel M. Shortridge, G. O. P. nominee for United States senator. Mr. Koepsel and Mrs. Eden are attending the fair at Riverside.

Dr. Mark C. Meyers reopened his office today, following a four months' siege of blood poisoning. While assisting a tractor operator on his ranch near Orange, Dr. Meyers accidentally scratched his hand. Blood poisoning resulted, his right hand being affected. It was thought for a time that amputation would be necessary.

Holding their first meeting since their election recently, the directors of the Wynona Oil company, whose stock is held principally by persons living in Santa Ana and vicinity, re-elected W. J. Cheney, president; Dr. D. F. Royer, vice-president; Earl Matthews, treasurer; and B. E. Tarver, secretary. Cheney, who recently visited the company's well south of Rawlins, Wyoming, reported the bore was now down 1185 feet and that there were good indications of oil and gas. Sale of 20,000 additional shares of stock was authorized.

Linn L. Shaw is home from Antelope Valley, where he spent last week on his ranch, assisting his son, Ted Shaw, in harvesting ten acres of milo maize. Shaw brought home a sample, showing what can be done in growing this crop on the desert under irrigation. The yield on the

ten acres averaged about one ton to the acre.

The cracking plant of the Santa Ana Walnut Growers' association opened this morning for the season's work. It is expected that about 200 employees, mostly women, will work in the plant at the height of the season. It is not thought that the plant will be run to capacity this year. The cracking plant can accommodate 300 workers.

An automobile belonging to the Tepathol Oil company, operating drilling equipment on the W. K. Robinson ranch in Trabuco, was stolen in Riverside Saturday afternoon. The machine had been driven to the fair by P. H. Adams, an employee of the company, residing at 617 West Fourth street.

## CASCARETS

"They Work while you Sleep"

Liven up! Your system is full of liver and bowel poisons which keep you headachy, constipated, bilious, half-sick, and unstrung. Take Cascarets tonight! Wake up feeling like a "live wire" with your stomach regular, cold gone, and a clear head, rosy skin and sweet disposition. No griping—no inconvenience. Children love Cascarets too. 10, 25, 50 cents.—Adv.

## PRISONER HELD IN CHECK CASE

With information received today of the arrest at Fresno of "Harry Stewart," wanted here on a felony charge of having passed a bad check to Joseph Babbitt on the First National Bank of Akron, Ohio, during September, 1919, the persistent and tireless work of the State Bureau of Criminal Identification is remarkably demonstrated.

"Stewart," whose real name is said to be Whitfield S. Scott, appeared here a year ago last September and posed as a distant relative of former Santa Anans, including Babbitt. He posed as part owner in the "Walker-Scott-Maxwell Publishing Company" of Akron, Ohio, which, his card stated, was the publishers of the Akron Evening Times, the Canton Daily News and the Lorrain News.

Creating the impression that he was well to do, he was said to have prevailed on Babbitt to cash a check for \$215 for him, and also was said to have passed a second alleged worthless check.

When the matter was reported to the sheriff's office here, photo-circulars of the two checks were immediately sent out, thus providing a sample of the handwriting in question. The state bureau put one of these on its records.

A man giving the name of George S. Spencer, an alleged auto mechanic was arrested on September 20, of this year, in Fresno on a charge of having stolen an automobile. His photograph and fingerprints were taken. The Fresno authorities also found samples of his handwriting in his possession. In searching the man's record the State Bureau com-

pared the handwriting with that of Whitfield S. Scott, alias Harry Stewart, wanted in Santa Ana. The handwriting was found to be almost identical, according to the authorities.

Photographs of "George S. Spencer" were immediately sent here, and according to authorities, were identified by the Santa Anans who were alleged to have been victimized, as being those of the man who had represented himself as Scott a year ago. Scott is being held on the auto-theft charge in Fresno, but in event a conviction is not secured, or the man is given probation, he will be turned over to local authorities for prosecution on the check charge, Fresno authorities state.

## COUPLE DEFEATS LAW BY MARRIAGE AT SEA

LOS ANGELES, Oct. 18.—Romance had triumphed over mere law today as Mr. and Mrs. Arthur Quincy Hagerman are speeding eastward toward Las Vegas, Nevada, following their marriage on the high seas yesterday afternoon. When Mrs. Domini Redfern, 21, accepted Hagerman's marriage proposal yesterday with the provision that they get married before she could change her mind, a closed marriage license bureau failed to daunt Hagerman, 22, magazine writer. Hastily summoning Captain Armand Anderson, Hagerman made arrangements for the marriage to be performed on board a seaplane beyond the three-mile limit.

With Rev. James Smithstone Littlejohn as a witness, Anderson performed the ceremony ten miles at sea.

Today the couple are honeymooning eastward where the bride is to be a witness in a trial at Las Vegas.

Entered as second-class matter at the  
Post Office at Santa Ana, California,  
under the Act of Congress and Order  
No. 143 of the Postmaster General.  
Known office of publication, Santa Ana,  
California.

GOOD EVENING.  
"No joy like the joy of getting  
things done  
That seemed so hard to do;  
No joy like the joy in gladness  
won  
From striving and putting  
through."

## SCORES AGAIN

Orange county, famed for its pro-  
ductiveness, has scored another point  
of excellence. The flavor of its apples  
is setting a new standard of deli-  
ciousness.

Something over fifty years ago,  
the whole country was devoted to  
the growing of horses, cattle and  
sheep. Along came sturdy farmers,  
who bought land in what we now  
know as the Greenville section.  
Within two or three years the sec-  
tion, then called Gospel Swamp, had  
fame throughout the state. Hogs and  
corn were the groundwork of the  
reputation for productiveness gained  
in those early days of our history  
as an agricultural section.

From that time to this the sec-  
tion that is ours has gone steadily  
forward as a prolific wonderland.  
Early in the history of this section,  
the growing of grapes brought dis-  
tinction to the Anaheim section, and  
in the course of time a wide area  
in the county was devoted to that  
industry.

Grape growing on the higher  
ground as a leading industry gave  
way to oranges and lemons. Wal-  
nuts got a foothold that has never  
been shaken. It was not so long ago  
that beans seized upon thousands of  
acres that barley had called its own.  
For a time, in the lowlands, celery  
was king of products, crowding al-  
falfa for honors. Then came sugar  
factories, and with their advent Or-  
ange county took place as great for  
sugar beets. Our Valencias are  
famous and our lemons are not sur-  
passed.

On down through the years the  
products of our soil have kept us  
to the forefront. We have become  
known as the richest little agricul-  
tural county on earth. A great di-  
versity of soils make a diversity of  
crops possible.

Still, in spite of our fifty-seven  
varieties of paying crops, there were  
a few things in the growing of  
which some thought we had to take  
a back seat. True, there always have  
been and always will be some crops  
that this county will not endeavor  
to grow extensively. There is rice,  
for instance. In the last three or four  
years it had been demonstrated that  
fine crops of rice can be grown in  
our lowlands, but the land, well  
drained, pays bigger money in other  
crops. We aren't growing rice be-  
cause we do not want to grow rice,  
not because we can't.

"But you can't grow apples," said  
some of those who were a bit skepti-  
cal about Orange county's sweeping  
claims to productivity.

It is now demonstrated that we  
can grow apples, and they are apples  
of a distinctive nature. Costa Mesa  
is stepping into fame as an apple-  
growing section.

Apples grown on the mesa are  
without a peer. Yes, we know that  
the Yakima valley, in Washington,  
and a few other valleys are taking  
unto themselves first place as apple-  
producing sections, but Costa Mesa  
are declining to admit that Yakima  
apples are as good as Costa Mesa  
apples. True, the Costa Mesa indus-  
try is not great when quantity is  
used as the basis of comparison, but  
in the excellence of the product Or-  
ange county's apples are at the  
front. Experts have made the com-  
parisons, and it is found that Costa  
Mesa apples have an unexcelled  
flavor; it is the flavor that makes  
an apple.

## FAIR PAY FOR JUDGES

The Register feels fully justified  
in recommending to the voters of  
Orange county the adoption of the  
constitutional amendment (No. 3 on  
the ballot) increasing the salaries  
of Supreme court and Appellate  
court judges.

The present salaries of the justices  
of the Supreme Court (\$3,000 per  
annum) and of the Justices of the  
District Courts of Appeal (\$7,000  
per annum) were fixed in 1906; and  
since then these salaries have been  
reduced in purchasing power to less  
than one-half of their former value.  
At the time they were fixed, the  
salaries were regarded as moderate  
compensation for members of the  
highest courts of the state; and the  
primary purpose of the proposed  
amendment is not to provide any  
actual increase in compensation, but  
to offset in part the loss caused by  
the diminished purchasing power of

the present salaries.

The justices affected by the amend-  
ment are the Chief Justice and six  
Associate Justices of the Supreme  
Court and fifteen Justices of the  
District Courts of Appeal—six at  
Los Angeles, six at San Francisco,  
and three at Sacramento. The adop-  
tion of the amendment will increase  
the salary of each of these justices  
\$2,000 per annum, making the addi-  
tional annual cost to the state \$44,-  
000.

The professional attainment and  
industry necessary to a proper dis-  
charge of the duties of a Supreme  
Court or an Appellate Court Justice  
would command in private practice  
a much greater financial return than  
the proposed increase affords. But  
the amendment is not designed to  
measure official salaries by private  
compensation; its purpose is to  
maintain the independence and effi-  
ciency of the judiciary by making  
the compensation of the justices at  
least approach the values of 1906;  
and an independent and efficient  
judiciary is of first importance to  
the people of the state.

## THE "HARRIS LAW"

Today's Los Angeles Times con-  
tains a big front page story about  
the failure of prohibition in New  
York, which is but recapitulation  
and verification of reports that have  
been published over and over again  
during recent months. And reports  
of failure in the enforcement of the  
Volstead Act are not confined to  
New York; the same kind of story  
comes from Chicago and from San  
Francisco.

This sort of thing is not to be  
winked at or made light of. These  
breaches of the law, which have  
reached the largest proportions in  
the three large cities named, are due  
primarily to the fact that in none  
of the three states, New York, Illi-  
nois or California, has a state en-  
forcement act, such as the Harris  
Law, been passed. The result is that  
the federal officials have more to do  
than is physically possible.

Twenty-seven prohibition officers  
and two federal courts are expected  
to police the entire state of Califor-  
nia. When they fail to do it thor-  
oughly, the cry goes up that "Pro-  
hibition cannot be enforced."

"The Harris Law will add 20,000  
peace officers and more than a hun-  
dred courts, and without a single  
additional dollar of expense, to the  
absurdly insufficient number of fed-  
eral officers and courts now on the  
job."

Then prohibition will be enforced  
just the same in this state as it is  
in the other forty-five states of the  
Union, not perfectly at first, but with  
increasing efficiency.

Under present conditions a vote  
against the Harris Law is as much  
an act of law defiance as was ob-  
servation of the draft or other war  
measure when we were at war.

## Issue Is Acute

Not an abstract theory but an  
alarming, menacing condition con-  
fronts California with reference to  
the incoming of Japanese and their  
holding of lands in this state. It  
will not suffice to begin, five or ten  
years hence, to solve this problem,  
which is vital to the white race in  
California. The present is none too  
soon to begin.

It is demonstrated that the  
"Gentlemen's Agreement" is not  
debaring the type of Japanese  
whose exclusion the United States  
hoped this compact would effect.  
Japanese, by hook or crook, are get-  
ting into this state in alarming num-  
bers. They are establishing them-  
selves on the soil. They already  
have come into ownership or con-  
trol of a large percentage of the  
most fertile cultivated land in the  
state. They are striving desper-  
ately to increase their holdings.  
They are crowding white families  
out. They work and live under  
conditions that would be utterly  
alien to American workers and  
their families. They are, in a word,  
wholly non-assimilable and are a  
starting point to the white race in  
this state, threatening eventually to  
submerge the Caucasians here be-  
cause of their extraordinarily large  
birth rate.

These are not exaggerated, alarm-  
ist, demagogic assertions. They are  
gospel truth, known to every ob-  
servant Californian. This is not  
the whole truth, by any means.  
Suffice it to say, however, that no  
such menace ever hung over this  
state or this nation. For if Califor-  
nia and the Pacific West were  
inundated with tidal waves of Or-  
ientals, the whole country would  
feel the calamity.

California feels, sees and realizes  
the gravity of the danger. It is the  
duty of California to set its unal-  
terable protest against this Japa-  
nese invasion before the world,  
and to stir the national govern-  
ment to press the issue to quick and  
acceptable settlement.

## A Peace of Promise

Poland and Russia have agreed  
upon an armistice and the articles  
of peace which the representatives  
of the two countries have agreed  
upon promise permanency and fore-  
token an era of good will between  
the two countries and peoples. Both  
sides were moderate in negotiating  
the peace and both made conces-  
sions, so that it becomes "a peace  
without victory and without van-  
quished."

Poland has shown great wisdom  
and self-repression in its peace  
terms. It was in position, military,  
to dictate exceedingly harsh terms  
to soviet Russia. But to have done  
so would not have ended hostilities  
that would have been in the nature  
of a true truce. The war undoubt-  
edly would have been renewed  
eventually, with disastrous conse-  
quences perhaps to both countries.  
The path of moderation, in this, is  
the path of wisdom.

## The Duty of Voting

Riverside Enterprise

We Riverside people are so taken up with the things of husbandry and  
the exhibition to the world of achievements in the domestic arts and the  
realm of agriculture nowadays, that we have forgotten the political cam-  
paign that is going on. Indeed the canvass proceeds to such an inevitable  
conclusion, such a sure end, that the issues of the campaign are as little  
discussed now as in any canvass for election of a president ever was.

The election of Harding and Coolidge is so assured that little dis-  
cussion takes place anywhere. Every straw ballot honestly taken indicates  
the popularity of the Republican candidates. Even the "solid south" shows  
signs of weakening and of giving the vote of a state to Harding. The in-  
dependent press, which has taken a survey of the field of politics, has almost  
unanimously turned to Harding and Coolidge.

At one time the result in Ohio was somewhat in doubt but sagacious  
political leaders in Ohio, who have acquainted themselves with conditions  
are strong in the faith that Ohio will give the Republican candidate fully  
100,000 majority next month.

Riverside, however, should not be too apathetic and should poll a  
larger vote than it has recently done. Without regard to political leanings,  
voting is an important and solemn obligation of citizenship that should not  
be neglected.

## Spending or Owning

Fresno Republican

It is a sad mark of the times  
that even diamonds seem to  
have lost their lustre. While  
they are very good security, and  
the supply in ratio with the popu-  
lation and wealth of the coun-  
try is daily growing smaller, still  
there are other things than dia-  
monds. There is less excuse  
for this than for silk. The silk  
worms do not multiply under the  
same natural laws as human be-  
ings, so that real silk is scarce,  
while processed cotton is keep-  
ing apace. Diamonds, despite  
invention, are still all diamonds.

One picks up an occasional  
periodical and looks where once  
in the honored place at the  
front was to be found the adver-  
tisement of the premier mer-  
chant of the United States. In-  
stead, now, there is a display of  
Morestyle clothes. And a search  
for the diamond advertisement  
takes one back in the magazine  
to a place where the space rate  
is by no means so high. This  
is not because it is no longer  
necessary to advertise so heav-  
ily. In that case, the gem man  
would drop his ad altogether,  
for a time. There is still need  
or value in advertising, but its  
economic force is not strong  
enough to keep its place. Selling  
clothes with a particular cut to  
more people brings bigger  
checks into the business office  
than selling diamonds of a stand-

ard guaranty to even the many  
that now wear brilliants.  
The disease in the diamond  
trade is too deep to be account-  
ed for by any such symptoms as  
govern wool or flour, or sugar.  
After all, one does not spend dia-  
monds, one owns them. All  
that one has is the satisfaction  
of owning them. One can wear  
a fake diamond just as satisfac-  
torily as a real one. One must  
have a real diamond to own it  
with placid mind. And merely  
owning is not the thing now.  
Life is spent, treasure spent,  
clothes spent and food, time  
and all that goes with it, is only  
worth while because it can be  
spent. Why sink money in dia-  
monds, to keep them in a safe  
deposit box, when a neighbor  
can look just as brilliant with a  
set of imitation?

Possibly there is a wrong re-  
adjustment just at this time be-  
tween owning and spending.  
There is no moral virtue in dia-  
monds, but they may be a test  
when applied to humanity at  
large, of what has been the nor-  
mal consciousness of owning and  
spending. If so, just at this  
time the world is abnormal. As  
a whole, people are giving too  
much attention to owning and  
too little to having. We are  
enjoying our dinner, with too  
little in the cupboard for tomor-  
row's meals.

## Worth While Verses

### THE THREE LOVES.

I am enamoured of a new  
Divinity—a glorious creature  
With matchless beauty shining through  
Her every feature.  
The very thought of her can thrill  
My soul, and wipe out all my sorrow;  
I've never kissed her, but I will—  
Her name's Tomorrow.

My new love is divine—and yet  
In spite of all my will's endeavor,  
An old love stirs my wild regret—  
Lost, now, forever!  
No other can be quite the same  
As that sweet vision passed away  
And vainly longed for. And her name  
Is Yesterday.

O, love untied! O, love offset!  
What but your absence makes me pleasant?  
Ye own my future and my past—  
What of the present!  
Why do I give to dreams my life,  
Forgetting, in the common way,  
I owe a duty to my wife,  
Whose name's Today!

—Cleveland Plain Dealer.

## TODAY'S TALK

By George Matthew Adams

### THE APPRECIATOR.

Pat your horse on the nose every once in a while and he will go twice  
as far.

Even the dumb animal knows the meaning of appreciation.  
They say that "man cannot live by bread alone." This is right. He  
must have bread—and appreciation for what he does.

Everything that is beautiful in Art or Nature draws out the latent ap-  
preciation in people. One is thrilled by a magnificent sunset or group of  
trees, or by some unusual sight of loveliness.

But the appreciator, as a product of life, seems to receive scant ap-  
preciation.

If you want to get "cheered up," hunt out some genuine appreciator  
and walk around with him for a while. You will leave him with the very  
perfume of his presence on your soul.

I recently witnessed the play called "Abraham Lincoln." I noted that  
the playwright had gotten one of the deepest characteristics of this great man  
—his appreciation of every kindness and courtesy. All through this un-  
usual life of trial and travail was this little phase a permanent habit—"Oh,  
thank you!"

We are all bound to be more appreciated if we will but appreciate  
more.

And the more you learn to appreciate, the more things of every char-  
acter you are sure to appreciate.

It is wonderful to acquire the reputation of an appreciator!

The appreciator forms a part in the eternal link of time and circum-  
stance—and through its mist he pierces his endless smile that it may play  
among the stars of his better self—dead to everything mean and sordid.  
The appreciator lives forever!

### Editorial Shorts

Decline in sugar prices may be de-  
scribed as little drops of sweetness.  
Philadelphia Evening Ledger.

The essential lack of material in  
Poland is that there are not enough  
Poles to build a fence against the  
hordes of Russia—Columbia Record.

The world may have been made  
safe for democracy but the selling  
driver takes the same old chance  
at the railroad crossing.—Stock-  
ton Record.

### About Shortridge

California is a protective tariff  
State, and Shortridge, who has al-  
ways advocated a protective tariff  
for California's citrus fruit, wool, cat-  
tle and other industries, is the man  
California needs for this work in  
the United States Senate.—Santa  
Paula Chronicle.

ure, Vote YES, Amendment Number Twenty.  
—Advertisement.

## Arguments Are Presented Here On Proposed State Legislation

Statements for or against any of the amendments or initiative or  
referendum measures to be voted on at the November election will be pub-  
lished under this heading. The Register desires that the questions at issue  
be presented fairly and fully. Brevity has strength, and repetition should  
be avoided. Publication shall not be construed as an expression of the views  
of The Register.

## SMALLPOX ON AN OCEAN STEAMER

(By W. E. Allen of the Scripps Institution for Biological Research, of  
the University of California)

In September 1900 I was on the  
good ship Walla Walla when she  
made her trip from San Francisco  
to Seattle. The voyage was pleas-  
ant and uneventful until the vessel  
was met by the quarantine inspector  
of Victoria, B. C. Then things be-  
gan to happen. First there was a  
flying rumor spreading over the ship  
that Dr. Watson had discovered a  
case of smallpox in the steerage and  
that we would all have to be in-  
spected, vaccinated and disinfected.  
This was quickly followed by an-  
other rumor that we would all have  
to go into quarantine at the beautiful  
Little peninsula of Williams Head,  
which I had heard some ladies ad-  
miring as we passed it an hour or  
two before, but which we all immedi-  
ately began to hate with all of our  
powers. Next there were numerous  
little indications of meetings groups  
of four or five excited passengers  
held on the spot where the rumor  
had found them. Strangers of low  
and high degree dropped into con-  
fidential conversation under the stim-  
ulus of a common woe. Then there  
was a big meeting in the social hall  
with some fiery and violent speeches  
under which the crowd was rapidly  
assuming the character of a mob.  
But this was soon stopped by the  
captain who stepped into the hall  
and not only laid down the law but  
showed ample intention of upholding  
it.

Soon we were tied to the dock at  
the quarantine station. That night  
we slept on board while the clothing  
we wished to wear next day was sent  
ashore and fumigated. Next morn-  
ing we began going ashore soon after  
sunrise where we went through  
disinfecting baths before being allow-  
ed to join our fumigated clothing.  
Meanwhile everyone had also been  
vaccinated. When we got ashore  
we were assigned to a company of  
red coat soldiers on the other side  
of a high board fence across the  
neck of the peninsula. A few days  
after our installation at the station  
an Indian and his little boy who  
were paddling by in a canoe were  
enticed up to shore by a passenger.  
They were seen by the eagle eye of  
the inspector, who promptly came  
around in his tug and gathered them  
into quarantine. After a two weeks'  
stay we were allowed to proceed to  
Port Townsend.

There were presumably 150 first-  
class passengers who had been no-  
where near the steerage or the steer-  
age passengers and who were posi-  
tive that they had not been exposed  
to infection. The inspector refused  
to take any chances. As a matter  
of fact a few had been associated  
with some steerage passengers in  
such a way as to be open to infec-  
tion. Most of the passengers had,  
or thought they had extremely im-  
portant business elsewhere. One lit-  
tle man had a big cargo of eggs for  
Nome, Alaska, which he must get  
through ahead of the ice. A big  
gambler was positive that he must  
get up to Nome to look after his  
gambling house there. Various min-  
ers felt that their prospects would  
be ruined by delay. A mine own-  
er whose wife had broken her arm  
was determined to find some way to  
get her through to home and com-  
fort at Seattle. Nevertheless, they  
and others like them, all stayed in  
quarantine.

Now, ordinarily, the citizens of  
Victoria were glad to see the Walla  
Walla come in with her load of pas-  
sengers and her cargo of freight.  
But in this case who can doubt that  
they were thankful that they had a  
Dr. Watson to meet the tainted ship  
and turn it from their shores? It is  
easy to see that when a recognized  
case of pestilence is coming toward  
our community we want it turned  
back. In this case the Canadian  
government was both humane and  
provident. It might have turned  
the ship away from its ports and  
have left the passengers to their  
doom. Instead of that, it forced  
them to accept the services of in-  
spection, vaccination and disinfec-  
tion and it provided a place for them  
to stay until there was reasonable  
assurance that the disease would not  
spread. It might have allowed them  
to go into quarantine without vac-  
cination or disinfection if they chose,  
but by so doing it might have per-  
mitted other cases to develop and  
kept the whole party there for weeks  
and months in constant terror at the  
horrible disease and with heavy cash  
outlays for sustenance and heavy los-  
ses from time. As it was, it was no  
other case developed and no one of  
all the group of people suffered any  
ill effects of the vaccinations.

Under our usual conditions of life  
on dry land these things are not so  
clear. We are, however, all in more  
or less frequent danger of infection.  
A few years ago a woman of my ac-  
quaintance was riding in a day coach  
of a train just behind a heeled and  
muffled figure which did not attract  
particular notice at the time. A few  
days later, when she was taken with  
smallpox she remembered. In spite  
of such dangers as this, smallpox is  
a rare disease. Many doctors never  
see a case. Many people have never  
known a case. Yet less than a  
century ago there were large sec-  
tions of our own country which were  
never free from it and where people  
lived in terror of it. I can myself  
remember the terror inspired in the  
people of our country neighborhood  
by the mere name of the disease or  
a sight of the pest house. It had  
been successfully controlled and al-  
most eradicated by vaccination. Its  
rarity has made some people so bold  
that they wish to abolish the method  
which holds it in check. Rather  
they suffer the slight personal incon-  
venience of a vaccination they are  
willing to expose their fellow citizens  
to pestilence just as many of those  
passengers on the Walla Walla would  
be willing to expose the city of  
Victoria to that danger.

Those of us who believe that pre-  
vention is better than cure and that  
cheap immunity by vaccination is  
better than dear immunity by small-  
pox or death must make special ef-  
fort to defeat the measure which is  
intended to abolish compulsory vac-  
cination. Furthermore, it is neces-

sary for us also to defeat the anti-  
vivisection initiative since it is cal-  
culated to destroy all possibility of  
conducting those experiments upon  
animals which enable us to secure  
safety, purity, and effectiveness in  
manufacture of vaccines and serums.

## CHOLLY MACK SAYS

The vote is mightier than the  
bomb.

And now Cuba is the home of the  
sneeze.

One of those tickets from Ohio to  
Washington is an excursion ticket  
without a stopover privilege.

Things are rotten in Russia, and  
the Bolsheviks are the scum of the  
rottenness.

Samson slew them with the jaw-  
bone of an ass. Seems that's what  
some of the political spellbinders  
are trying to do.

The German idea of making suits  
out of paper is old. Legal paper has  
long been used for suits.

Now that we are all permitted to  
vote, let's hope that the next and last  
amendment will give all the right to  
select those we want to vote for.

This is a presidential campaign or  
merely a falling out of the Roosevelt  
family?

We know a couple places where  
D'Annunzio could find a good open-  
ing. Ireland or Mexico.

General Li is heading a new Chi-  
nese revolution. Thought that guy  
would be kept busy here till Novem-  
ber.

All the whitewashing in the world  
won't clean the White Sox.

Little dabs of powder puff  
Cover those red noses  
Which all the girls will get unless  
They pull up their low noses.

Now that women have their rights,  
let's give the men a thump.

Some politicians are funny 'n  
some are a joke.

Every European nation has a per-  
fect right to work out its own dam-  
nation.

Some women would make good  
photographers. They believe in good  
exposure.

Ladies: Votes are non-returnable.  
No mail or telephone ballots taken.

Poland is like a green apple, it  
does its hardest fighting when it is  
down.

Sweetie: No, Russian Red is not  
a fast color, it runs.

The chap who complains most  
about the government is the one who  
doesn't vote.

Hope the Bolsheviks spend their last  
Red soon.

Trade note: "Output of American  
Yarn increases." Huh! usually does  
around election time.

Beauty used to be the chief require-  
ment of a movie star, but now—have  
you heard what Babe Ruth got for  
one picture?

Dear Cholly Mack: In the sentence  
"I saw Irene climb over an iron  
fence," how many "I's" would you  
use? Ans. Both.

The two chief outdoor sports of  
today are house hunting 'n office  
hunting.

Anxious Inquirer: No, you are  
wrong. The Capitol at Wash., D. C.  
has not an ivory dome. You are prob-  
ably thinking of some of the con-  
gressmen.

William Jenkins Hewitt says the  
Cubans should erect a monument to  
Mr. Volstead.

Now that the colleges are open,  
where are the girls again? to pin  
the fraternity pins since the places  
they used to pin them are also open?

'Spect now since the fair ones are  
to vote, we will find in many cases  
that the "eyes" have it.

Who can tell? Maybe the next gen-  
eration will not only inherit the war  
debt but also the war.

Now that  
The fair ones  
Are to join us  
In our Hegira  
At election,  
May we become  
Still closer and let  
Our watchword be  
"Two souls with but  
A single thought,  
Two ballots  
Cast as one."

One shouldn't believe all the stor-  
ies one candidate tells about the  
other. To be absolutely safe, one  
should believe both of them.

If the polling is to be done on sched-  
ule, keep mirrors out of the booths.

## Society

**Mrs. Gibson To Entertain**  
Neighbors of Woodcraft social club will meet this evening at the home of Mrs. Isabella Gibson, 1602 West Fourth street. Games will be a feature of the entertainment, and prizes will be awarded the winners. Neighbors of Woodcraft and their friends are cordially invited.

**Daughters of Confederacy Meet**  
Election of delegates to the convention of Daughters of the Confederacy to be held commencing November 8, in Nashville, N. C., took an important part in the business session at the meeting of that order at the home of Mrs. Rebecca Pope in Orange Saturday afternoon. Those present were Mrs. Ella A. Mayfield and Mrs. Laura Murray, their alternates to be Mrs. Victor Montgomery and Mrs. Annis A. Blythe, of Orange.

This order is interested in educational work throughout the country and the California division awarded four college scholarships each year to those of lineal descent of Confederate soldiers, in addition to the help it gives to Confederate veterans. At Saturday's meeting an interesting discussion about the coming convention was held and a favorable report was read about the daughter of Mrs. Blythe, Miss Leta Blythe, whom the society sent about a month ago with a scholarship to the Tulane University in New Orleans. Since taking up her course in the university Miss Blythe has written an essay that received honorable mention and the members of Daughters of the Confederacy are justly proud of her.

Mrs. Pope's home was beautifully decorated with dahlias and she served her guests with delicious home-made wafers and chocolate at the close of the meeting.

**Celebrates Fifteenth Birthday**  
Miss Louise Campbell was the honoree at an enjoyable family dinner at the home of her grandmother, Mrs. Emma Hildreth, last Tuesday, the event being in celebration of her fifteenth birthday. Pretty decorations in green and white were shown, a large birthday cake with fifteen candles to mark each happy year, and a number of gifts. During the evening following the dinner music was enjoyed.

**Booster Club Entertainment**  
Members of the Fraternal Brotherhood Booster Club will be entertained this evening at the hall by Mr. and Mrs. O. D. King. All members are most cordially invited to be present.

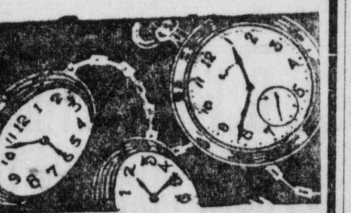

**Weds Riverside Girl**  
Simplicity and beauty marked the wedding Saturday evening in Riverside of Miss Margaret Horton of that city and Dr. Roy Meredith White of Santa Ana, at the home of the bride's parents, Mr. and Mrs. William Mark Horton, 1043 Walnut street. The service was read at 7 o'clock in the presence of fifty relatives and friends, by Rev. D. L. MacQuarrie of the Magnolia avenue Presbyterian church.

A color motif of pink and green had been used in beautifying the Horton home, and the reception and drawing rooms were effectively massed with greenery with contrasting note of pink. The reception hall was the scene of the wedding, and the couple stood beneath a canopy of feathery asparagus plumosus fern starred with Cecile Brunner and Maman Cochet rosebuds. Baskets of pink roses arranged in the drawing and living rooms gave an added note of color to the decorations.

A few moments before the appointed hour, Mrs. LaRoy Simms of Riverside, sounded the notes of the wedding procession from Lohengrin, and as the vows were exchanged she played Drlia's "Sousvenir."

The bride and groom, who were unattended, entered together. The

## SADDLEBACK

O mount, within the olden view,  
And symbol of the craft  
Of brown vaquero, him the  
threw  
The plunging steer, and  
laughed;  
Of fleeing hands, and swift pursuit,  
Far to thy canyons shade;  
And men who died in spur and  
boot,  
In leafy covert laid.

Forever shalt thou, mountain  
true,  
Uphold thy royal sign,  
Exalting to the heavens blue  
That golden age of thine;  
And dark against the dawn's  
advance,  
In roseate glow, be set.  
Like ancient bronze of old romance,  
That lives, though all forget.  
Still round thee lean the lounging  
hills,  
That heed but one refrain,  
In all the joyous chant of rills,  
A jingling bridle rein!  
Still Spring's caparison be  
thrown  
Along thy lordly back,  
And ere its weave has faded  
grow,  
Gay Summer fill thy pack.

For, on the farthest purple crest,  
Wild honeysuckle clings,  
And on that scarred and riven  
breast  
Is flutter of soft wings.  
A fringe of gold, the poppy  
drifts,  
The buttercup finds room,  
And here and there a yucca lifts  
Its waxen torch of bloom.  
Unchanged, amid a changing  
world,  
That lies about thy feet,  
Where once the smoke of tee-pee  
curled,  
And widest stalked his meat,  
O mount of old, unquenched  
desires!  
Thy past creeps back again,  
And crouch at night beside pale  
fires  
Thy shapes of vanished men.  
—Carrie Fiske.

bride presented a lovely picture in her wedding gown fashioned of shimmering ivory white charmeuse with overdrapes of georgette crepe and trimmed with exquisite old lace, an heirloom in the Horton family.

Her wedding veil was caught in her hair with a wreath of orange blossoms and fell in misty folds over her. She carried a shower of bride roses.

Refreshments were served in the dining room, which was done in pink roses with complement of greenery.

Late in the evening Dr. and Mrs. White left by motor for a honeymoon trip. For going away Mrs. White wore a tallure of dark blue duvety with hat of dark green. After November 1, Dr. and Mrs. White will be at home in Santa Ana, Dr. White having his dental office with Mrs. Rossett and Paul.

For the past 14 years Mrs. White has made her home in Riverside. She formerly lived in Pennsylvania. Her attractive personality has made her many friends who deeply regret that her marriage means her removal from Riverside.

Dr. White practiced dentistry in Pasadena prior to two years ago when he came to this city. He is the son of Mr. and Mrs. J. A. White of Pasadena.

**Women Given Thanks**  
Mrs. N. Beisel, acting on behalf

of the Tustin Red Cross, has presented the following report of the work done for the Balboa Naval Hospital at San Diego:  
"During the heated months, citrus fruits were sent out in weekly shipments, totalling in number thirty-five boxes of oranges, and twenty of lemons. A little later 700 pounds of delicious Isabella grapes were sent in two shipments, and made Tustin Major Rial expressed it: 'the biggest treat the boys ever had.' These were followed by two shipments of apples, 160 pounds of winter bananas, and 400 pounds of bellflowers.

"In addition, sugar was furnished by the Tustin chapter, and glasses by the hospital. These were filled with a wonderful assortment of fine home-made jellies and jams and totalling in number 631 glasses. "To each woman of the little group, that made this splendid gift possible, is given the sincerest thanks of the committee, and the assurance that her individual effort has cheered some mother's boy. To the following persons and organizations an especial vote of thanks is offered:

"B. A. Crawford and Mr. Turner of the Tustin Hills Assn., and Mr. Byler of the Golden West Citrus Association for unstinted generosity in services and co-operation John Pieper, who handled all shipments for the committee; to Ed Utt, F. D. Plavan and D. J. Dodge, through whose generosity wholesale rates and even lower, were given on fruit, to the Philathea Class of the First Baptist church for 700 gummed labels; to the Daughters of Veterans and to the women of the First Methodist church for group contributions of jelly."

Orange County Catholics are interested in the return to his home in Los Angeles of Rev. John J. Cantwell, D. D., bishop of the diocese of Monterey and Los Angeles. During his absence he attended a convention of American bishops in Rome and paid an official visit to the pope.

**Santa Ana Post No. 131**, of the American Legion has issued a notice to the effect that dances will be given under the auspices of the post every Friday night at the Sycamore Hall, corner Third and Sycamore.

**Celebrate 13th Anniversary**  
One of the jolliest parties given recently took place Saturday evening at the home of Mr. and Mrs. R. C. Bunch in Orange, in celebration of their thirteenth wedding anniversary.

Twenty merry-makers were present to enjoy the evening, most of which was spent with mandolin and guitar music, songs by Mr. Bunch, Tom Davis of Los Angeles and Harry Biffin of Orange, and popular guessing games in which Mrs. H. C. Moberly of Orange won the prize.

Another feature affording much amusement was a mock wedding, the principals in which were "Evangeline Tillie Jane Johnson," the bride (Mrs. R. A. Parker of this city) and "Hillory Montgomery Beecher, Jr.," the groom, (H. C. Moberly). Mr. Bunch, the host, took the part of the officiating minister.

The bride and groom were supposed to have just emerged from an automobile wreck, and they are said to have "looked the part." She wore a veil caught with "lemon" blossoms and carried a bouquet of sunflowers tied with purple crepe paper. The groom wore a full dress suit which was several sizes too small for him, and the minister sported a swallow-tail coat and long whiskers. Sandwiches, cake, coffee and chocolate were served on a table gayly adorned with red roses and hearts, at the close of the evening.

Those taking part in the happy affair were Mr. and Mrs. R. A. Parker, Miss Nora Morris and Joe Allen of

this city; Messrs. and Mmes. Ben Holmes, Harry Biffin and two children, H. C. Moberly and C. A. Carpenter, all of Orange; Mr. and Mrs. Carl Thrasher of Anaheim, Mr. and Mrs. Tom Davis of Los Angeles and the hosts, Mr. and Mrs. Bunch of Orange.

## PERSONALS

Mr. and Mrs. H. T. Trueblood and Mr. and Mrs. A. H. Paterson left today to attend the convention of the Order of Eastern Star in San Francisco.

Mrs. Frances Warren of Costa Mesa has gone to San Francisco. Mr. and Mrs. Clyde Bishop are leaving tomorrow for El Centro. Mr. and Mrs. C. W. Blakeman have gone to Beardstown, Ill., for an indefinite stay.

Mrs. Wm. Johnson returned this morning from Sausalito where she spent the week-end with her husband on their ranch there. William Taylor of South Birch street accompanied Douglas McPhee and Miss Dorothy Hall of Santa Paula, and Miss Marjorie Putnam of Redlands, who motored here from Redlands Saturday, to the game between Pomona College and Redlands University at Pomona Saturday. Kemper Taylor, one of Redlands' players, returned with them to Santa Ana. Ed Covington of the city was one of Pomona's star players in the game.

Coroner C. D. Brown and Mrs. Brown, Judge and Mrs. W. H. Thomas, and Mr. and Mrs. B. Uttley attended the Knight Templar past commander banquet at San Bernardino, Saturday evening, also attending the Riverside county fair, at Riverside, Saturday afternoon. Mr. and Mrs. A. W. Sullivan, who have been visiting Mrs. Sullivan's parents, Mr. and Mrs. M. F. McDonald of Bolso for the past three months, left Sunday for Yuma, Arizona, where Mr. Sullivan will resume his work as telegraph operator for the S. P. railroad.

Friends of Mrs. Frank Sawyer will be delighted to hear that she has sufficiently recovered from her operation two weeks ago in the Anaheim sanitarium to be brought to her home, 813 Riverine avenue, today. Mrs. Charles Belvin, who underwent an operation the same day in that institution, is also improving and will no doubt be at her home in a short time.

**5-MINUTE DELUGE  
HITS SANTA ANA**

Starting at 12 o'clock today with a drizzle, Old Jupiter Pluvius worked himself into a fury at 1 o'clock and opened his flood gates in a fair exhibition of what he can do when he wants to. The rain came down in torrents for about five minutes, and then ceased.

Jupiter, perhaps, suddenly realized that the crop of walnuts in this vicinity is a long way from being gathered and this may have caused him to lower his flood gates and stop the deluge for the present. Then again, he may have been giving just a warning of what is pending and a hint to growers to get their crops.

under cover as quickly as possible. Threshing of beans has not been completed in this section, either, and a hard rain would do damage to that crop. The beans are pretty well in and no particular damage would result to them unless there should be a continued spell of damp weather. This season is considerably behind last in the amount of moisture precipitated. To date last season the fall was 1.27 inches. Up to today this season it is .08 of an inch, .06 falling September 14, and .02 on Sept. 27.

J. D. German has been committed to the state hospital at Norwalk, following examination by a commission in lunacy.

**CONDUCTS HEALING SERVICE**  
PASADENA, Oct. 13.—Dr. Leslie E. Learned, rector of All Saints' Episcopal church, conducted what he intends shall be the first of a series of "healing services" extending throughout the winter. It was at All Saints that James Hixson, the famous Episcopal layman healer conducted his services while in this section last year. Doctor Learned is endeavoring to continue the interest thus awakened in the healing power of the Christian belief.

207 No. Main St.

### Can't Change Precinct Between Now and November and Vote

The belief of many that a registered voter who has moved from one precinct in the same county within thirty days of election time, can vote in the precinct in which he is registered is based on a misunderstanding of the code, District Attorney L. A. West stated today.

Section 1239, paragraph 239 of the Political code, enacted in 1915, did contain a clause permitting such change. This section, however, when re-enacted in 1917, had stricken from it the clause permitting change of precincts within thirty days, nor was this clause reinstated in 1919.

Therefore, citizens known to have changed their precincts between now and November 2 will lose their vote.

### WIFE FEARS FOR VANISHED MATE

Charles S. Tracy, 39, 1114 West Sixth street, Santa Ana, is missing from his home, according to a report made to the sheriff's office by Tracy's wife, Mrs. Tracy fears that something has happened to him, as he had seemed a little unbalanced for a few days previous to his departure.

Tracy is said to have dark hair, blue eyes, and to look a little like an Indian, according to his wife's description. He is 5 feet, 11½ inches in height, weighs 150 lbs., and has a dove tattoo on his left hand, and other tattoo marks elsewhere about his body.

All the time of his disappearance yesterday he was dressed in blue overalls, a brown sweater with no sleeves, a grey shirt, army hat, and an old pair of brown shoes. He is said to have been carrying an old silver watch with a shoe string chain and with a gold nugget for a charm. He is said to have been armed with a .45 calibre pistol.

Anyone who has seen, or who may see a man answering this description is asked to report the information at once to Sheriff C. E. Jackson's office.

### WOMAN'S AUTO HITS VEHICLE NEAR IRVINE

An automobile driven by Mrs. Harry Anderson collided with and demolished a buggy containing Hugh Le Bard and Robert Graves, of Irvine, near that place last night. Mrs. Anderson's young daughter was riding with her in the car.

The front end of the machine was badly damaged and the buggy demolished, but none of the occupants of either vehicle was injured.

The buggy is said to have carried no light, and to have been in the middle of the road. Officers state that the machine was well on its own side of the road.

No complaints have been filed in the matter. The authorities hold Mrs. Anderson blameless.

### VERNON IS WINNER OF BASEBALL TITLE

SAN FRANCISCO, Oct. 18.—Taps has sounded for the 1920 season in the Pacific Coast League. The curtain was rung down after yesterday's games.

Seven games on the Sabbath brought to a close one of the most interesting pennant races ever seen on this circuit.

Bestick's Vernon Bengals came out on top as was expected, after maintaining their hold on first place for several weeks by practically the same small margin.

Up to a week ago, Seattle, San Francisco, Los Angeles and Salt Lake were conceded a chance to win the flag, but none was able to stage the necessary winning stroke.

By bumping the Seals twice yesterday Seattle wound up the season in second place, supplanting Graham's club in that position.

### MRS. VOTAW TO BE IN SERVICE BUREAU

Washington dispatches stating that Mrs. Carolyn Votaw, sister of Senator Harding, had resigned as probation officer in the woman's bureau of the police department at the capital, "in order that she might take an active part in politics," were without basis in fact, according to her sister, Mrs. E. E. Remsburg, of Santa Ana today. It is true that Mrs. Votaw has resigned the position. Mrs. Remsburg stated, but it was for the purpose of becoming superintendent of the Social Service bureau, at Washington, a much broader field. Mrs. Votaw resigned as probation officer at this time in order to advise her household affairs, as the social service position will require her to be absent from the capital a great part of the time. She will probably assume her new duties by December 1. Other than her ardent wishing for Senator Harding's success in the Presidential race, Mrs. Votaw will take no part in politics.

CHILD RESTORED TO MOTHER  
EL CENTRO, Oct. 18.—Little Dorothy Johnson, after three days of startling adventures, was ordered returned to her mother, Mrs. Ralph Johnson, in a decision rendered by Judge Franklin J. Cole, with Judge Pat Parker sitting as associate. Mrs. Johnson was represented at the hearing by Attorney E. R. Simon and M. W. Conkling, while Mr. and Mrs. C. B. Welch were not in court and were not represented by counsel.

Further action must be delayed until the Welches appear to answer the complaint, which is to be within ten days, if they are not to default.

### ORGANIZING TO BRING OUT VOTE

Substantial progress has been made in the past week in precinct organization among Republicans.

This is the report made to the Republican County Central Committee meeting Saturday afternoon by the committee chairman, A. E. Koepsel.

Koepsel said that a good deal of literature had been sent out of headquarters, and that a good many Republicans were calling there daily for literature and buttons.

"I believe interest is picking up rapidly," said Koepsel.

Reports from all over the county were to the effect that there is no question but what sentiment is strongly Republican. They said that the one big thing is that the Republican organization has to do is to get out a heavy vote.

"The heavier the vote, the greater will be the Republican majority," declared the committeemen.

### PREDICTS INDICTMENTS IN COAST BALL PROBE

LOS ANGELES, Oct. 18.—Resumption of the county grand jury probe of the Coast League baseball gambling scandal was scheduled for today with several players and managers called to testify.

That indictments will be returned against several "sure thing" gamblers who corrupted players on four or five teams, was the prediction of Chief Deputy District Attorney W. C. Doran, before the jury session opened today.

### U. S. C. GRID SQUAD DEFEATS STANFORD

LOS ANGELES, Oct. 18.—In a game marked by ragged playing, the University of Southern California defeated Stanford's football crew on Bovard Field Saturday afternoon by the score of 10 to 6.

Fumbles and penalties spread throughout the play like a malady, but the men built up the game to a high pitch of interest by their tremendous fighting spirit, which predominated the play of both sides.

Stanford's team had the men, but its plays lacked the punch and power. Individually the Stanford men were very good. Coach Powell's backfield combination of Wilcox, Bob Shlaudeman, Campbell and Wollemes turned into many fine runs, but when the individual failed the plays were lost because the success of these plays depended more on work of the man carrying the ball than they did on the interference or the element of surprise attack.

Certainly the present Stanford team is a great improvement over the 1919 eleven. In time Powell will put the cardinal eleven on a level with the best that the Pacific Coast can produce.

Stanford faced in U. S. C. a team whose unity of play was too strong. U. S. C. knew too much football and that it swept the Cards before them in the early part of the battle.

### U. S. C. FRESHMEN TRIM

S. A. H. S. FOOTBALL SQUAD  
In a preliminary game Cliff Herd's noble Prosch athletes treated the sturdy Santa Ana High boys to a 25 to 0 defeat. Santa Ana High has a fine little team, but it was facing too much speed and experience.

Chet Dolley intercepted a Santa Ana forward pass in the first half and aided by wonderful interference rammed 85 yards to a touchdown. Milton kicked the goal. Taylor bucked over the next score and Milton again kicked the goal. Before the half closed Cummings picked up a punt that was blocked by Von Mohr and scored, Milton kicking the goal.

In the second half a forward pass from Dolley to Sanger resulted in another touchdown and John Hawkins added the extra point. The final count was 28 to 0. Wilcox, Peterson and Coffman performed neatly for Santa Ana, while Captain Dick Lawson, Dolley, Farrow, Cummings, Von Mohr, Freeman and Emmons stepped lively for the Prosch.

### FULLERTON WHIPS RIVERSIDE

FULLERTON, Oct. 18.—Fullerton High continued its mad career through the prep teams in its league Saturday, trampling all over Riverside High, 48 to 0. Shorty Smith's demon athletes evidently took things easy during the first half and didn't try any too serious. In the last quarter the gang got together and crushed through Riverside for four touchdowns. McDermott and Shipkey were the shining lights for the winners.

### CONTINUE NEGOTIATIONS

WASHINGTON, Oct. 18.—The state department today officially declared that negotiations between the United States and Japan over Japanese immigration and anti-Japanese legislation in California are continuing and have not been temporarily discontinued, as reported.

Travel by Motor Transit stages to Los Angeles and intermediate points. Cars leave station, 5th & Sycamore streets, every half hour from 6:10 a. m. until 8:10 p. m., then 9:10, 10:10, and 11:10 p. m. daily. Frequent return schedule.

### L. B. VALLA RETURNS FROM FOREIGN TOUR

Home from a six months' tour of Europe, L. B. Valla, district commercial agent for the Southern Pacific, was on duty again today.

Valla was accompanied on the tour by Mr. and Mrs. F. F. Bellissier and son of Los Angeles and Mrs. Bayha of Richmond. Mrs. Bellissier and Mrs. Bayha are sisters of Valla.

France, Switzerland, Holland, Belgium, England and Spain were some of the countries visited. Most all of the famous battle fields were visited by the tourists, as were also some of the most famous of the resorts in those countries.

"Americans are visiting those countries by the thousands and are spending their money with a lavish hand," said Valla today.

### DUCKS ARE GENERALLY PLENTIFUL, IS REPORT

SAN FRANCISCO, Oct. 18.—Mr. and Mrs. Duck broke about even in their first engagement with the heavily armed hunter according to available reports today.

In the San Joaquin Valley hunting grounds ducks were reported fairly plentiful and many returned with soul satisfying bags.

In the Sacramento valley, however, hunters reported they didn't get many ducks. It was believed weather conditions were causing a late season there.

Fair shooting was reported from some points along the coast.

Yesterday was the first Sunday of the open duck season.

### HEAL SKIN DISEASES

Apply Zemo, Clean, Penetrating, Antiseptic Liquid

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. Zemo, obtained at any drug store for 35c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching torture. It cleanses and soothes the skin and heals quickly and effectively most skin diseases.

Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress.

## RAITT IS NAMED 'Y' SECRETARY FOR NORTH OF COUNTY

Election Held at Meeting of  
Organization Leaders at  
Modjeska's

### YEAR'S PROGRAM FIXED

Interesting Addresses Are  
Made by Well-Known  
Speakers at Meet

Archie Raitt of Santa Ana, was in Fullerton today endeavoring to obtain a house for himself and family, following his election yesterday as Y. M. C. A. secretary for the north half of the county. He entered upon his duties officially today.

The selection of a third secretary for Orange county has been under consideration ever since the county committee decided that the field required three men in order to give the character of service the organization desires. Raitt has been active in the work in this city and has had considerable to do with the activities of the organization throughout the county. He was elected at the meeting of the county committee held yesterday at the Y camp near Modjeska's. The committee meeting was a part of the conference of Y. M. C. A. leaders held at the camp Saturday evening and all day Sunday. Twenty-five men, including group leaders and members of the committee, were present yesterday.

The day was rich in results. The program for the coming year was outlined and discussed and definitely formulated. It provides for intensive work on the part of the secretaries, leaders and members. There will be work that will hold the interest of the boys at all times and it will be of an elevating character. The group leaders assembled at the camp Saturday afternoon and in the evening, with about eighteen present, a fine steak bake was enjoyed. Following the dinner, J. A. Cranston, chairman of the conference conducted a "Who's Who" meeting, introducing those present, and having each tell of his personal activities in the work.

Prof. F. S. Hayden, principal of the Citrus Union High School at Azusa, delivered a splendid address on "Christian Character."

During Saturday night and Sunday

## Boy Suffers Fracture of Pitcher Him Headlong Leg as Horse Slips,

Walter Righter, 15, is suffering from a fracture of a small bone of his right leg just above the ankle caused when he was thrown headlong over a horse he was riding yesterday afternoon. He was treated at the Community hospital and later taken to his home.

The lad was riding in front of the family home on Tustin avenue. The horse, stepping into a mud puddle, caused by overflowing irrigation water, fell, pitching the boy to the street. The horse rolled upon the right leg of the lad, causing the fracture.

Getting back on its feet, the animal stood by until the lad remounted and rode home, assisted by Walter and Alfred Prick, two boys who live in the neighborhood, and who witnessed the accident.

The injured boy is the son of Mr. and Mrs. W. J. Righter. Righter left Tuesday for New York, where he will visit.

## FRAME BY-LAWS FOR BUILDING TRADES BODY

A committee of five men representative of the various building trades locals in Santa Ana was at work today framing by-laws of an association of workers, following a meeting of approximately fifteen building trades craftsmen, Saturday night.

The personnel of the by-laws committee is being withheld for the present. It is expected that the committee will be ready to report at the next meeting of the association, scheduled for Tuesday evening of next week.

Saturday night's meeting was marked by earnest discussion of steps whereby the condition of organized labor, particularly as concerns the building trades in Santa Ana and vicinity, may be bettered.

Another subject freely discussed was that pertaining to the improvement of mechanics, as well as bringing about increased harmony between employer and employee.

The proposal for a closed shop in Santa Ana, reported recently in an interview with E. C. Kersey, and concerning which there has recently been discussion here, was not discussed at Saturday night's meeting.

Travel on the big motor stages to Los Angeles. Cars leave on regular half-hourly schedule daily. Motor Transit Company's station, 5th & Sycamore streets.

## TELLS SUCCESS AS MISSIONARY AMONG JAPS

Young Priest Makes Stirring  
Address at Local Catholic Church

Rev. George F. Staub, a young priest from New York, who has been sent here by the Catholic American Foreign Missions to work among the Japanese, delivered three stirring sermons at St. Joseph's Catholic church here, yesterday morning, and as a consequence, obtained a large sum of money to help him in carrying on his work.

"I admit," said the speaker, "that it would be better for California if the Japanese were not here, but so long as the United States government has admitted them to your state, and there are now 90,000 of them here, it is the duty of the church to try to save their souls. I come here, not as a politician, but as a Christian to do my part in the work of Jesus Christ, who was the first missionary."

Father Staub is but twenty-seven years of age and is greatly interested in his work and delighted with his success in the first few weeks he has been in California.

The Japanese nuns, who are stationed in Los Angeles, have 125 Japanese children in their school, several of whom have already been baptized. Applications of that many more pupils have been received but there is no room for them and Father Staub now has a drive on for \$10,000 with which to build a new and modern school. The pagan Japanese have the drive in charge and some of the influential Nipponese have given large sums to help the cause and already more than half the sum has been collected.

Welcomed by Japanese. During a recent thirteen days' trip among the Japanese in the northern part of the state, when Father Staub, a complete stranger among the Japanese, was welcomed to their homes, where he ate and slept. He was warmly welcomed, treated courteously, encouraged in his work and collected more than \$1500. A single Japanese refused a donation.

Father Staub's latest philanthropy is the establishment of a private hospital for the Japanese at Monrovia, where he already has six patients, two of whom have been baptized Catholics. Recently through a visit to a hospital a Japanese, his wife and four children were also received into the church.

Until two years ago, Father Staub said, America's secular priests had done nothing in the foreign fields; now there are twelve working in China. The priest compared the fine work being done by Protestant churches in foreign missions and the vast amount of money raised by them in comparison with the very small sum given by Catholics.

The American Foreign Mission Board has large plans for future work, the headquarters being at Maryknoll, New York. The Los Angeles Maryknoll is at 425 So. Boyle avenue. Each subscriber to the Japanese fund yesterday will be sent the interesting magazine "The Field Ajar."

## COUNTY SCHOOL TAX RATE INCREASE WINS

SAN FRANCISCO, Oct. 18.—The action of the Los Angeles County Board of Supervisors in levying an assessment of 44 cents on every \$100 of assessed property to be devoted solely to school purposes, was upheld by the State Supreme court here, when it denied a writ of mandate to O. W. Barnes, a Los Angeles taxpayer, to compel an assessment of 23 cents.

The court held that the supervisors are entitled to levy a 50-cent rate if they are fit and that there was not sufficient merit in Barnes' action to justify a change.

## CHICAGO HAS NEARLY ONE MILLION VOTERS

CHICAGO, Oct. 18.—Nearly one million men and women have registered for the November election, the election commissioner announced today.

Of the 900,765 persons who signed the poll books, 339,361 are women.

## RECONSTRUCT PORTION OF STATE HIGHWAY

BAKERSFIELD, Oct. 18.—The California Highway Commission has ordered the reconstruction of the portion of the state highway between Bakersfield city limits and Beardsley Lane, this portion having been originally constructed by Kern county, and having been recently taken over as a portion of the state highway system. The board of supervisors of Kern county has agreed to reimburse the state on completion of the work.

## BRIDGE TO BE COMPLETED KING CITY, Oct. 18.—The California Highway Commission has ordered the immediate completion of the King City bridge across the Salinas river. This structure when finished will be one of the finest bridges on the state highway system. The opening of the new bridge will render obsolete the old county bridge at King City, which has been the bane of the traveling public for some time.

Enclosed cars, day or night, city or country trips. Crown Stage Co. Phone 925.

## Dr. Ira Landreth to Make Four Addresses In Santa Ana on Wednesday

Dr. Ira Landreth, national prohibition orator of unusual force and ability, is to be the guest of the Christian Endeavor societies at a supper at the United Presbyterian church Wednesday evening at six o'clock.

Dr. Landreth is scheduled to address the Kiwanis club at noon Wednesday and to speak at the First Presbyterian church at 2:30 in the afternoon and at 7:30 in the evening on the Harris bill which is an act to enforce prohibition under the Volstead law in the state of California.

Dr. Landreth is one of the officers of the United Societies of Christian Endeavor and is an able and interesting speaker.

At the supper he is expected to talk to matters of interest in Christian Endeavor work. Any Endeavorers or former members of any Christian Endeavor society who would care to hear Dr. Landreth speak at the supper may reserve a place by calling Miss Mabel McFadden on the phone at 101, before Tuesday noon.

## PRISONER PICKS LOCK, ESCAPES CO. HOSPITAL

Lawrence Clanton, 23, of Long Beach, who was arrested here last week with George Meyers of Los Angeles on a vagrancy charge, and who attempted to commit suicide by swallowing cleaning powder at the county jail Friday, was being searched by officers today, following his escape from the county hospital, where he was taken for treatment following his attempted suicide.

Clanton effected his escape by picking the lock on his door. The lock was the usual large jail padlock, and he was able to pick the lock in the criminal section of the county hospital, are placed on the inside of the doors, it is said, making it easy for prisoners to pick them.

Physicians announced, following Clanton's attempted suicide, that he would be fully recovered in a day or two, and this surmise proved correct. Clanton is said to have remarked to the nurse that the locks and bars on his room meant nothing to him, and that he would have no trouble getting out if he wanted to.

His evening meal was brought to him, and when attendants returned for the utensils, they found that the meal had disappeared, and Clanton as well. Clanton picked the lock with some wires taken from the springs of the bed.

Clanton stated after attempting to commit suicide that he wanted to die because of the disgrace of being in jail. It is said that his parents had refused to bail him out. He is said to be married. His wife is only fifteen years old, it is said.

Clanton and Meyers were held on the vagrancy charge pending an investigation of a charge that they tried to obtain money under false pretenses from a Santa Ana woman. Police officials believe that Clanton had been the dupe of Meyers in the matter, but since his jail break they intend to investigate his record very closely in the event that he is recaptured.

Records which came in today from criminal bureaus led the local police to believe they said, that Meyers has a bad record. It is alleged that he was arrested last January in Denver, Colo., on a charge of attempted burglary, and carrying a concealed weapon, and that he served six months there. Detective Armstrong of the Los Angeles force is investigating to discover whether Meyers, and perhaps Clanton, are members of a Los Angeles east side gang of petty thieves which has been causing trouble there recently.

## STEPHENS-DURVEA ON EXHIBITION IN L. A.

Frank Austin, distributor for the Stephens-Durvea, announces that one of the new models will be on display in Los Angeles next week. The car has just arrived in Los Angeles, having been sent from the factory by express.

Think of "EXCELSIOR" when you want milk, cream and ice cream.

## ASPIRIN

Name "Bayer" on Genuine

"Bayer Tablets of Aspirin" is genuine Aspirin proved safe by millions and prescribed by physicians for over twenty years. Accept only an unbroken "Bayer package" which contains proper directions to relieve Headache, Toothache, Earache, Neuralgia, Rheumatism, Colds and Pain. Handy tin boxes of 12 tablets cost few cents. Druggists also sell large "Bayer packages." Aspirin is trade mark of Bayer Manufacture Monocyclic diester of Salicylic acid.—Adv.

## RANCHERS FIND LABOR SUPPLY INCREASING

Situation Easier Than for  
Two Years; Class of Workers  
Is Improving

The farm labor situation in this section is easier than it has been in two years. That is, ranchers who employ laborers are finding that they can get all the help they want and that the men available are generally much better workers than has been the case for some time.

"We are having no trouble now supplying all the orders that come in for farm labor," said Frank Musselman, of Musselman's Employment office today. "The situation is a good deal better than it has been for a long time. The class of men who come to us looking for jobs on ranches is better. I have found that there are a good many men who have come to Santa Ana from the East recently who are expecting to locate here, and who, while getting their bearings, are willing to take a job. Many of the new arrivals are men who are used to hard work on farms in the East. Apparently more men are available for all kinds of work than there have been for a long time."

Inquiry among a number of the larger ranchers of the county developed the fact that many of them are feeling satisfied with their labor supply for the first time in two years. A considerable number of men who have been at work on construction jobs in the mountains have come down to get jobs in warmer places. One ranch employer stated that now, for the first time, he well over two years, he has all of the good farm help that he wanted.

## FORMER SANTA ANAN DIES AT LONG BEACH

Santa Ana friends were making preparations today to attend the funeral in Long Beach tomorrow of Dr. R. A. Stevens, who died there suddenly Saturday night, at the age of 76 years. Funeral services will be held tomorrow at 2 p. m. at the funeral parlors of J. J. Mottel, 254 Locust. Death resulted from an apoplectic stroke.

Dr. Stevens resided at 720 West Washington, Santa Ana, for five years, prior to going to Long Beach four years ago. He formerly was a practicing physician of White, S. D., and a large number of former South Dakotans now residing in Santa Ana knew him there.

He is survived by his wife and five children, the latter residing in the East and North.

## S. F. DISTRICT BOOST PLANNED BY C. OF C.

SAN FRANCISCO, Oct. 18.—The San Francisco Chamber of Commerce plan for the commercial and industrial advancement of the San Francisco district has taken definite form. One of the main features of the plan is the arrival from New York of Dr. B. M. Rastall, one of the most prominent industrial engineers in the United States.

Dr. Rastall has been engaged to survey the whole trade problem of San Francisco and to formulate a program in which every commercial interest in the city will be asked to co-operate.

"San Francisco is a city of great natural resources and opportunities," said Dr. Rastall in discussing the work upon which he is entering. "Future progress is certain, but the extent of that progress—whether a standing port and city, the Pacific ocean—rests largely with the activities of its own people."

## WOMEN WINNERS OVER MEN AT STANFORD

STANFORD UNIVERSITY, Calif., Oct. 18.—The annual compilation of comparative scholarship statistics of undergraduate students, just announced by the registrar's office, shows that the women, as usual, outrank their men fellow students in all comparisons.

The general average of all undergraduates, according to the registrar's point system, is 1.56, whereas the women's average is 1.73, and that of the men as a whole is 1.29. Sorority women ranked 1.63, the points below the average of the women as a whole and ten points under the average of non-sorority women. In a similar way fraternity men ranked five points under the average of men as a whole and eleven points below non-fraternity men.

## OHIOAN CUTTING NEW TEETH IN 73RD YEAR

ATHENS, O., Oct. 18.—A. W. Barker, 73, is cutting a new set of teeth. Several weeks ago he cut a new molar and he reports two more about to break through. Practically all of the old man's original outfit of masticators are gone and he hails with delight the promise of a new set.

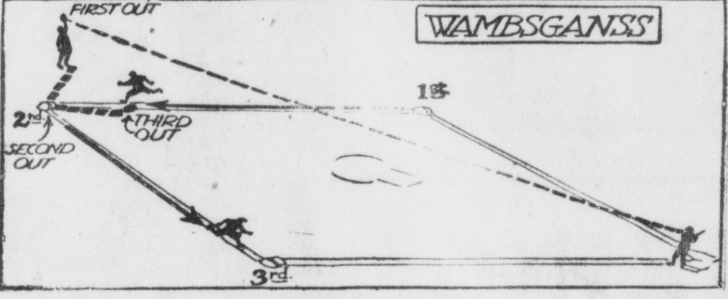

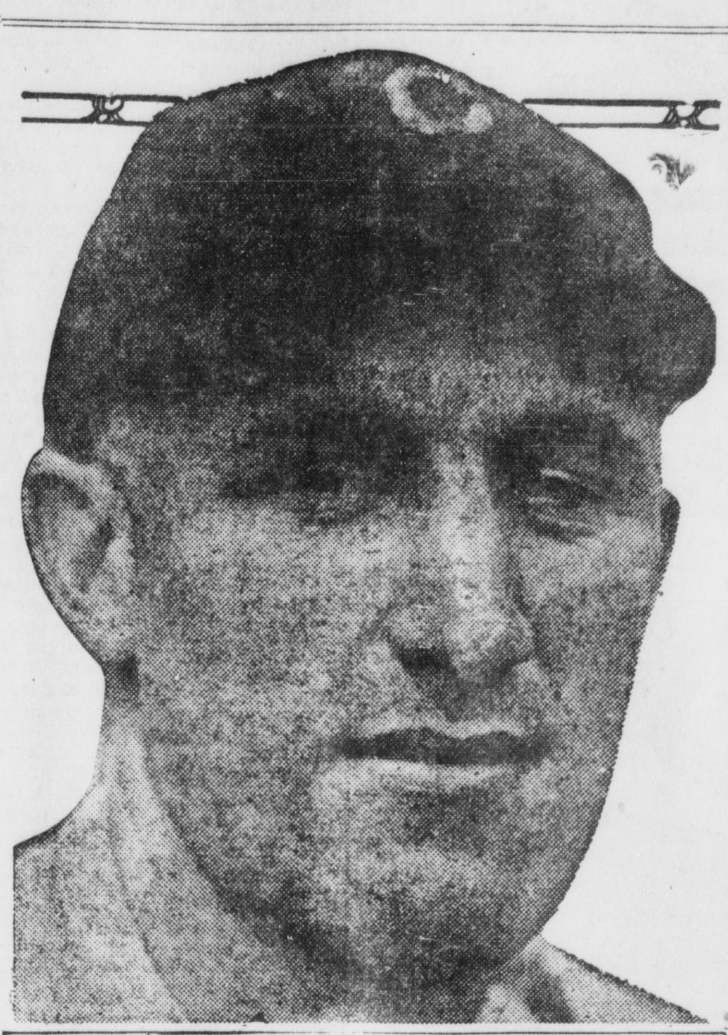

"I'd like to get 'em or enough of the new set before the corn-on-the-cob season is over," he said. "Hope they hurry."

## NOTICE

The phone number of the S. A. Welding Co. has been changed. Our new number is 176. W. W. Crawford.

New and up-to-date photographs to trade for pianos. Carl G. Stock.

## HE PUT 'EM OUT IN BUNCHES IN SERIES

Here's William Wambsgann, star second-sacker of the Cleveland Indians, winners of the world's championship in the recent series with the Brooklyn Nationals, and a diagram showing how he made the first triple play in major league history. With Kilduff on second and Miller on first, Pitcher Mitchell, who had replaced Grimes, lined straight to Wambsgann (first out). Wambdy darted to second after the catch, touched the bag retiring Kilduff, who was on his way to third, (second out). Wambdy then touched Miller who had run for second, (third out).

## POLITICAL PERISCOPE

### Campaign Rankly Quiet But Senatorial Fight May Liven Things Here

This is not the kind of a campaign in which a political periscope or watchman finds much to write about. Ordinarily, just before an election, there is excitement enough to keep the politicians agitated and the talk heated.

But it is a quiet campaign. Old timers who remember the good old days, when people warmed up to a sizzling point over a presidential campaign can't understand it.

Surveying the county for political dust, one is quickly constrained to conclude that people are one of two things. Either they are too busy with their own affairs to think about the government's or they have made up their minds as to how they are going to vote, and they don't care a tinker's whoop about how the other fellow is going to vote.

Sure, there is some enthusiasm here and there, and torches are going to be burned next Saturday night. Certain, too, there are a lot of people who are going to bat on the tariff proposition, which seems to be the biggest political item locally that the campaign has brought forth. But, taken as a whole, it is a dull campaign.

Where are the gesticulating groups of yester-campaign? Could Get Argument There was a lot more feeling astir

(Continued on Page Eight)

## NEED OF TARIFF IS BIG REASON FOR 'AMERICA FIRST' CRY BY SWING

Congress Candidate at Big  
Anaheim Rally Clinches  
Campaign Arguments

### JUDGE GOODCELL TALKS

Republican Meet at Anaheim  
Featured by Torch-light  
Auto Parade

The issues of the campaign were put clearly and forcefully before a big crowd of people at Anaheim Saturday night by Judge Phil D. Swing of El Centro, Republican candidate for congressman, and Judge Rex Goodcell of San Bernardino, who is to spend the remainder of the campaign in the northern part of the state speaking for Harding and Shortridge.

That it is time to give careful attention to home problems was declared by Judge Swing. That Warren G. Harding is one of the best informed men in the United States on conditions in the west, was asserted by Judge Goodcell.

The meeting at Anaheim followed a torchlight automobile parade, with two bands playing.

The speakers were introduced by William Webb of Anaheim.

In his address, Judge Swing declared himself strongly for the Monroe Doctrine as a doctrine best fitted to America's needs.

"The United States has nothing to gain through joining in the League of Nations," said Swing. "European powers have much to gain, and I say let them take the burden of the league along with its benefits. Fourteen months have gone by since the League was formed, and there are forty-one signers to the pact. Has the league stopped or prevented a single war?"

Boasts America First. "I went to war, and I am ready to go again at the call of my country, but not at the call of any foreign country or combination of foreign countries."

"We must look to our domestic affairs. Europe's industries are getting on their feet and are beginning to push their surplus on to American markets. It is time we considered that situation. I need not tell you what the invasion by foreign lemons has done to lemons. Lack of tariff is one of the prime causes of the present disastrous situation. I am informed that there are ten million pounds of Chinese lemons coming to America this fall. How will that hit our walnut growers? Need I say that it is just situations such as that makes me take as my campaign slogan 'America first'?"

"I hope that we have the foresight to keep this state for our children and our children's children, to keep it a state in which the English language is spoken, instead of the language of the Mikado."

Swing reviewed the opportunities for development which are to be found in the Colorado river.

In opening his address, Judge Goodcell declared that he has entered the contest more as an American citizen than as a Republican.

Great Problems Ahead. "There are great problems before

# MACK

## PERFORMANCE COUNTS

### Prices of MACK TRUCKS Not Reduced

—Owners of MACK trucks are assured the value of their investment is protected. Prospective owners are notified there is no indication of any decline in MACK prices.

—We positively guarantee there will be no reductions in the prices of MACK trucks for SIX MONTHS at least.

—Present prices of MACK trucks represent an average increase of only 15 per cent since 1912.

—During the same period MACK truck production has increased 900 PER CENT.

If it were possible to manufacture MACK trucks so as to make them any better that would be done regardless of price. QUALITY is the most important factor considered in MACK trucks—prices the least.

## RAITT HEAD IN NORTH OF COUNTY

(Continued from page seven)

morning more men arrived, increas-  
ing the number to about twenty-five.  
Sunday's program opened at 9  
o'clock with an address by Prof. Carl  
S. Knopf, of the Fullerton Junior Col-  
lege. "The Leaders in Club and  
Community" was the subject of his  
discourse.

George S. Chessum, county secre-  
tary, gave a full outline of the pro-  
posed program for the winter, declar-  
ing that it was proposed to have  
every boy entering a group to chart  
himself in order that he might be  
given proper instruction.

Raitt gave a talk on "Bible Study  
Courses." The subject was discus-  
sed at some length and the members  
of the county committee picked the  
Bible Courses.

Professor Cranston, superintendent  
of the Santa Ana schools, announced  
that credits would be given for Bible  
study in Y. M. C. A. groups, a one-  
fourth credit being given for each  
year.

R. R. Miller, Santa Ana secretary,  
discussed group activities, speaking  
of recreation work by groups, includ-  
ing social evenings, games, and other  
features that will hold the interest  
of the boys in the organization  
and group work.

Professor Hayden Speaks

The forenoon session closed with  
an address by Prof. F. S. Hayden  
on "Christian Character—It's  
Growth."

Dinner was served at noon, with  
Raitt as the chef and Miller and Mal-  
com Finley assisting in serving.

The afternoon was occupied with  
a business meeting of the county  
committee, the principal action of  
the session being the election of  
Raitt as the third secretary.

The camp at Modjeska's is the  
property of the Y. M. C. A. Its  
purchase by the Y. M. C. A. as a  
permanent mountain camp is being  
considered. The Y. M. C. A. has  
given the organization an option un-  
til the first of the year. The con-  
ference was held there for the pur-  
pose of giving the county committee  
and men active in the Y. M. C. A.  
an opportunity to inspect and inves-  
tigate the property.

The following leaders were in at-  
tendance:  
Ernest Vinbiger, Clyde Butler,  
Malcolm Finley, Professor Archer,  
Gene Griset, Santa Ana; D. Lauter-  
beck, Tustin; John Sebastian, Geo.  
Ross, Anaheim; Tobie Oertly, Waldo  
Tournant, Coleman Hickey, Charles  
Lake, J. G. Allen, Garden Grove;  
William Irwin, T. O'Kelly and Pro-  
fessor Ames, Fullerton.

County Committeemen present in-  
cluded Prof. J. A. Cranston, W. B.  
Tedford, S. M. Davis, F. D. Plavan,  
Santa Ana; R. S. Gregory, S. N.  
Fuller, Fullerton; J. A. Knapp, Gar-  
den Grove; G. A. Goodale, Anaheim.  
Names of other members of the com-  
mittee are listed with the group  
leaders.

Prof. C. S. Knopf of Fullerton and  
Prof. F. S. Hayden of Azusa were  
guests.

## CONSIDER PLAN TO PROTECT BASEBALL

CHICAGO, Oct. 18.—A new consti-  
tution for baseball was under con-  
sideration by a majority of the club  
owners of the two major leagues,  
meeting here today.

"The Lasker plan," providing for  
a civilian commission picked from  
the leaders of the nation to have  
charge of the game, was the proposi-  
tion discussed. It was put forth by  
A. O. Lasker, one of the main stock  
holders in the Chicago National  
League club, following disclosures of  
crookedness in baseball by the Cook  
county grand jury.

Ban Johnson, head of the Ameri-  
can league, does not favor the civil-  
ian commission plan. Five clubs, all  
in the American league, stand with  
Johnson in his opposition to consid-  
eration of any new charter for base-  
ball at this time. They are Detroit,  
Cleveland, Washington, St. Louis and  
Philadelphia.

All of the eleven clubs represent-  
ed at the meeting have indicated  
their approval of the Lasker plan.  
Every club owner in the National  
league was represented.

Some of the men, recognized as  
leaders of the nation have been sug-  
gested for members of the commis-  
sion. These include General Persh-  
ing, Judge K. M. Landis and former  
president William H. Taft.

## STOPS MEDICINE-- HEALTH RECOVERED BY INTERNAL BATHS

Mr. A. Czarnicki, 657 Montgomery  
St., San Francisco, Cal., writes Tyr-  
rell's Hygienic Institute of New York  
as follows:

"I must admit that the use of the  
J. B. L. Cascade has cured chronic  
constipation from which I suffered.  
Since May 12, 1913, I have never even  
tasted any kind of patent medicine or  
purgative. My health is excellent in  
every respect."

Over half a million bright, keen, in-  
telligent Americans have found that  
Internal Bathing is more essential to  
their health than external baths—  
Have found that used occasionally at  
night they feel like different people the  
next morning. No more of that bil-  
ious, tired, nervous feeling, but hav-  
ing by nature's own cleanser, antiseptic  
warm water—removed all the pois-  
onous waste from the lower intestine,  
they awake refreshed, happy and  
normal sleep, with all their functions  
acting properly, clear headed, happy  
and confident, eager and capable for  
the duties of the day.

Why not learn more about this rapidly  
growing and natural practice?  
The "J. B. L. Cascade" is the inven-  
tion of Chas. A. Tyrrell, M. D., of New  
York, a specialist on internal baths for  
25 years, and is now being shown and  
explained by Mateer's Drug Store, 4th  
and Broadway, who will give you—free  
on request—an interesting booklet on  
the subject called "Why Man Today is  
Only 50 per cent Efficient."

## FIND CAMPAIGN QUIET AFFAIR

(Continued from page seven)

during the Johnson-Hoover affair last  
spring than there is in the Harding-  
Cox bout. In that Johnson and  
Hoover contest, "most anybody could  
set up an argument."

There are only three matters in  
which local people are evincing the  
slightest interest: Harding vs. Cox;  
Shortridge vs. Phelan; Swing vs.  
Dickson.

And the Swing-Dickson race is  
such a one-sided affair that nobody  
has been able to kick up much of a  
fuss about it. The only bit of  
excitement that has come into that  
race was in the withdrawal of the  
endorsement of the County Labor  
Council given some time ago to  
Dickson. The endorsement was slip-  
ped in months ago. Nothing much  
was thought about it at that time.  
Some of the most level-headed of the  
county men, however, got to thinking  
the situation over, and they soon  
voiced a determination not to have  
the organization used for political  
purposes. The result of the fight put  
up by them was that the county or-  
ganization cut loose from Dickson.

However, Dickson seems to be hug-  
ging close to the labor unions and  
the situation over, and they soon  
voiced a determination not to have  
the organization used for political  
purposes. The result of the fight put  
up by them was that the county or-  
ganization cut loose from Dickson.

This week will bring the fight  
between Samuel M. Shortridge, Re-  
publican nominee for United States  
Senator, and James D. Phelan, Demo-  
cratic nominee, to the forefront.

It seems to be generally conceded  
all over the state that the hardest  
fight in California is that for United  
States Senator. Phelan, who has held  
the office for six years, has a strong  
organization. Many Democrats admit  
that they are centering their efforts  
on Phelan. Similar centralization was  
done by Shortridge when he was the  
keynote of the Republican campaign for the past  
two weeks.

Phelan will hit this county on the  
run next Friday afternoon. If one  
may use football parlance in political  
paragraphs, he will buck the center  
about four times that day, at Full-  
erton, Anaheim, Orange and Santa  
Ana.

Shortridge will be right on his  
heels Saturday, with the governor,  
to continue football terms, running  
interference with him. They are fig-  
uring that teamwork counts a lot in  
winning a game.

With Phelan on Friday and Short-  
ridge and Stephens on Saturday, the  
height of whatever excitement this  
campaign has to offer will be reached  
at the end of this week.

Nobody is much interested, appar-  
ently, in the appellate judgeships.  
With Judge Thomas' name off the  
ballot, there is no stir here over  
those offices.

The W. C. T. U. is taking an ac-  
tive interest in getting out a vote for  
the Harris enforcement act, and its  
interest is going to add considerably  
to the vote that will be cast on No-  
vember 2. There are good many  
groups interested in various meas-  
ures that will appear on the ballot,  
and these groups, too, will add to the  
size of the vote.

## BIG G. O. P. RALLY IS STAGED AT ANAHEIM

(Continued from page seven)

us," he said, "and I ask you to vote  
not only for those who will advance  
your own personal interests, but  
those who will advance the interests  
of the nation at large. That is the  
all-important thing in this campaign  
—America's interests."

"I visited Senator Harding less  
than a month ago, and had a long  
talk with him. He was most ex-  
ceptionally well informed concerning  
conditions and projects in the west-  
ern states."

"He told me that the economic fu-  
ture of the United States lies west  
of the Mississippi river. Senator  
Harding as president will rank with  
those presidents who have represent-  
ed the finest type of American citi-  
zenship."

"Senator Harding knows what a  
protective tariff means to this part  
of the country."

Judge Goodell went into the tariff  
situation carefully, pointing out the  
need of a tariff not only to prevent  
the destruction of agricultural indus-  
tries of this state but also to estab-  
lish other industries.

The speaker urged that Orange  
county give a strong vote to Samuel  
M. Shortridge, Republican nominee  
for United States senator, and Judge  
Swing for congressman.

Harding Election Sure  
He declared that it is practically  
certain that Harding is to be elect-  
ed. California, by all means, said  
he, should have a strong Republican  
delegation at Washington during the  
next administration, not only because  
California should back up the Repub-  
lican administration, but also because  
it will be to the state's interests to  
have Republicans at Washington  
during the Republican administra-  
tion.

TUNNEY VS. CARPENTIER  
NEW YORK, Oct. 18 — Georges  
Carpentier, the new light heavy-  
weight, was challenged today by  
Gene Tunney, light heavyweight  
champion of the A. E. F. He offers  
the Frenchman a guarantee of \$20,  
000 for a fifteen round bout to a de-  
cision in New York.

RECORD EARTH SHOCKS  
CHICAGO, Oct. 18.—An earthquake  
originating 5,500 miles from Chicago,  
was recorded early today at the Uni-  
versity of Chicago. The seismo-  
graph record showed the first tremor  
at 3:48 a. m., and continuing inter-  
mittently until nearly 8 a. m. Ob-  
servers were unable to give the ex-  
act location.

## CLUB WOMEN SEEK MEMBERS

(Continued from page seven)

Under resolutions passed by the  
Orange County Federation of Wom-  
en's Clubs at Buena Park, Friday,  
an effort is to be made to enlarge  
the memberships of the clubs affili-  
ated with the federation.

The convention of the federation  
was held in Buena Park's beautiful  
new Masonic Temple. The artistry  
of the effective decorations of the  
hall was the clever work of the  
hostess club.

Mrs. C. F. Crose, of Santa Ana,  
county president, opened the meet-  
ing with appropriate words of greet-  
ing after which Mrs. H. M. Sammis,  
of Santa Ana, led in the community  
singing. Rev. C. F. Knight voiced  
the invocation. Mrs. J. W. Bishop,  
of the hostess club welcomed the  
guests. Mrs. Geo. Reyburn of Gar-  
den Grove aptly responded.

At the business session, the club  
dues for the county were raised from  
two cents to five cents per member.  
Miss Wanita Simpson of Buena Park,  
player beautifully Mendelssohn's  
Spring Song. Mrs. F. A. Marks  
gave a concise and instructive talk  
on Parliamentary usages. Miss Pru-  
dence Macomber delighted the con-  
vention with a group of readings, ex-  
cellently rendered. Miss Flora Brad-  
ford, a Red Cross nurse, in a most  
convincing way, set forth the needs  
of the Red Cross. Mrs. A. A. Ben-  
nett of Orange was appointed secre-  
tary for the day and Mrs. C. T. Wells  
of Santa Ana, press chairman.

The convention then adjourned  
for the noon hour.

The women of the Congregational  
church served an appetizing and sat-  
isfying luncheon in the dining room  
of the Masonic building. The tables  
were attractively decorated with  
trailing ferns and pretty blooms.

The afternoon session met at 1:30  
o'clock. A number of songs were  
sung in unison. The president  
then introduced Mrs. A. W. Wohlford  
of Escondido, president of the South-  
ern District. After extending greet-  
ings, Mrs. Wohlford spoke of the  
work of reconstruction. She said  
that she thought that the time was  
soon coming when the district would  
be a thing of the past and state and  
county organizations would do the  
work of the federated clubs. She  
urged a good attendance at the Dis-  
trict Convention at El Centro, Nov.  
16-19.

Mrs. Lawton, of the faculty of the  
Southern Branch of the state univer-  
sity, spoke very earnestly on behalf  
of Amendment 12, and distributed  
literature bearing on the subject.

The women seemingly have leg-  
islative measures well in hand. They  
ably discussed the community prop-  
erty bill.

Mrs. A. J. Padgham, chairman of  
club hospital work, told of the need  
of oranges at the Balboa Park hospi-  
tal at San Diego, and asked that  
"orange showers" be given by the  
clubs.

The convention greatly enjoyed  
the finely rendered violin numbers  
by Mrs. Olinas E. Matthews, and  
showed their appreciation by giving her  
a shower of thanks. Little Sara  
Muirhead of St. Louis, gave in cos-  
tume, "Just Like a Gypsy," and re-  
sponded to a demonstrative call for  
an encore with "The Irish Colleen."

The nominating committee was  
elected for the coming year, as fol-  
lows:

Mrs. W. L. Grubb, of Santa Ana;  
Mrs. A. D. Bishop, of Orange; Mrs.  
Crozier, Newport; Mrs. Moore, Full-  
erton; Mrs. Chamberlain, Anaheim.

The following resolutions were en-  
dorsed by the club:

"That we endorse the recommen-  
dation of the committee on sugges-  
tion of the C. F. W. C., eliminating  
the district organization and favor  
grouping of the counties into regions.  
"That, in view of the present great  
needs, we do not allow our interest  
in the Red Cross to lapse.

"That we make the greatest pos-  
sible individual effort to secure as  
members of some federated club, all  
the available women of our acquaint-  
ance, with a view to the formation  
of one great federation of women.

"That we extend to the members  
of the Buena Park Woman's Club our  
sincere thanks for their splendid en-  
tertainment as hostesses."

The credentials committee report-  
ed over 100 present. The secre-  
tary was instructed to write a let-  
ter of sympathy to Mrs. R. Ruth Tif-  
fany of Santa Ana, Mrs. I. D. Mills  
of Orange and Mrs. Van De Meer of  
Anaheim, who were unable to be  
present on account of sickness. The  
president announced that the total  
membership of the County Federated  
clubs is 1300.

Much credit for the splendid con-  
vention is due to the untiring efforts  
of the president, Mrs. C. F. Crose,  
whose splendid executive ability was  
evidenced in many ways.

At the close of the convention, the

hostess club served refreshing tea  
and wafers.

The convention accepted, with  
thanks, the invitation of the Full-  
erton Ebell Club to hold the spring  
convention at Fullerton, the third  
Friday in April being the time fix-  
ed for the convention.

## RULER OF DANES IS DEMOCRACY ADVOCATE

LONDON, Oct. 18.—King Christian  
X of Denmark, has all the independ-  
ence of an American and much else  
to commend him. When he appears  
in ceremonial regalia he looks every  
inch a king, towering well above his  
companions and carrying himself  
with the most affable dignity.

His popularity among the Danes  
is due as much to his democracy as  
to his ability to employ royalty in  
the grand style. Just now he is com-  
mending himself to public favor by  
learning to ride a bicycle, which he  
practices in the open, taking with  
the utmost good nature the falls  
and awkward mishaps incident to  
apprenticeship in that art.

He says that as soon as he can  
master the self-impelled wheel he  
will get for himself a motorcycle.

## DEMOCRATIC COLUMN

The Orange County Democratic Central Committee Edits this Column and is Responsible for All Matter Published in It.

Marshall Stinson, of Los Angeles, is one of the leading progressive Republicans of California. He was Southern California campaign manager for Johnson in 1910; delegate to the republican national convention in 1912; presidential elector on Republican ticket in 1912; and member of Republican state executive committee from 1910 to 1912. On October 15th, 1920, he gave to the press the following manly, fearless and honest statement:

"As a progressive Republican I had hoped to vote for the Republican candidate for President. While neither the platform adopted for the candidate chosen were satisfactory to me, I intended to vote the ticket and work for better party conditions four years later. The position taken by Senator Harding in his Des Moines speech makes it impossible for me to support him any longer."

### WIGGLED AND WOBBLED

"After long continued wiggling and wobbling, forced by the threats of the 'bitter-enders,' he declares himself against the League of Nations and the treaty and perforce for a separate peace with Germany. Such a course of action means breaking faith with our allies and an abandonment of our war aims."

"Up to the time of the armistice our wonderful response to the call of duty filled every American with pride. Since then our incapacity for action has been cause for shame. That failure must be charged to the narrow party jealousy of a group of senators and their influence over Harding is proved by his Des Moines speech. I approved his early statements that he would seek advice and consultation on matters of public policy and I did not consider that evidence of weakness."

"Now when we find him yielding to bullying and threats instead of accepting the counsel of leaders like Taft, Root, Hughes, Wickersham and Hoover, it is impossible not to fear that the wrong type of men will control him."

### POSITIVE ADVANTAGES

"Most of the arguments against the league disappear when examined apart from race prejudice and partisan bias. Our institutions will not be injured in any way by our joining the league. Aside from the benefit to humanity, I see positive advantages to America in joining the league. It is better to be in and exercise our influence to prevent war than to stand out in order to be able to consider the issues and

come in after war has started. "No plan for disarmament can be effective until we are part of it, for no country will consent to reduce armaments until all the others do. Standing out, we condemn not only ourselves, but the rest of the world to the terrific burden of armament building and its inevitable result, another and more terrible war."

"I have been a Republican all my life, except when I supported Roosevelt, and like Herbert Hoover, I believe in a system of two-party government, rather than nonpartisan or group party government, and that generally speaking, a man can work most effectively in his own party."

### GOES FARTHER

"However, I go farther, for I maintain that to prevent exploitation of party loyalty by unscrupulous politicians, there must be in each party a considerable number of men and women who, when policies too corrupt or shameful are imposed upon their party, are not afraid to put their country's welfare ahead of that of their party and cross the party lines to support men or measures they believe in sincerely."

"Senator Harding, is either sincere or he is not sincere when he says that Senator Johnson's Los Angeles speech shows Johnson is in accord with the Republican platform and the Republican candidate. If sincere, then Mr. Harding wishes to scrap the league and make a separate peace with Germany, a foolish and shameful policy that I cannot endorse. Of course, if he is not sincere on a great issue like this, I could not deem him fit for President."

"In either event, I am brought to the point where a decent self-respect will not longer allow me to continue my support of Senator Harding, and the most effective protest I can make is to vote for the Democratic nominee, Governor Cox, who has wisdom enough to take the side of the right and courage to be positive in expressing his views."

### GROVE BRINGS \$27,000

UPLAND, Oct. 18.—Fred H. Barringer of Pomona, has purchased from I. H. and J. L. Watson of Highland an 11 1/4 acre orange grove at Euclid avenue and Twenty-third street. The consideration was not made public, but was in the neighborhood of \$27,000. Mr. Barringer announced his intention of putting up a fine new residence on Euclid avenue soon and moving to this section.

### BABY STRANGLED TO DEATH

EL CENTRO, Oct. 18.—Bishop Elmer Lee, two-months-old son of Mr. and Mrs. O. E. Lee, was found dead in bed by Mr. Lee. The baby had died during the night from strangulation, caused by curled food. Funeral services were conducted at the Mulligan Chapel by Rev. George Hartman. Interment at Evergreen.

### AGED PHYSICIAN PASSES

LONG BEACH, Oct. 18.—Dr. R. A. Stevens, aged 76, for many years a practicing physician at White, S. D., died suddenly last night at the Lincoln Apartments, 60 Linden avenue, following an apoplectic stroke. He died before Dr. D. M. Gafford, who was called, could reach the building. Dr. and Mrs. Stevens came to Long Beach four years ago. Five children, who are in the East and North, survive him.

## Chiropractic Prize Contest Letter

### DANGEROUS POLICE POWERS

Whosoever neglects the opportunity given him of voting "Yes" on the Chiropractic Initiative Measure No. 5 at the forthcoming November elections, is either totally ignorant of the dangers threatening his liberties as a citizen, or strangely indifferent to the dangerous powers sought—and in many ways exercised without due warrant—by the self-styled "regular" school of physicians. For years past the American Medical Association has been steadily working, and with a large degree of success, to build up a medical trust which would render their position impregnable as the sole practitioners of the healing art. Few doctors, if asked individually, would claim that the last discovery has been made in medicine; yet as a body they have been working for years to block all progressive work attempted on lines not laid down by themselves, and, incidentally, to undermine the liberties of the American people by taking away from them the right of choosing the particular school of healing they (the citizens) might happen to prefer. Constant lobbying in the various State Capitols has won for the medical fraternity police powers of which the average "man in the street" is hardly aware. The present relentless fight waged against the Chiropractors in California, in which many practitioners of this school of healing have been haled before the Law Courts, is only one phase of the determination of the "regulars" to crush out all opposition to their methods even at the expense of the peoples' rights and liberties.

In the "flu" epidemic which swept the civilized world a year or so ago, the chiropractors lost one case in each thousand. The old school lost 180 cases in each thousand they treated for the same malady, yet in the face of this indisputable evidence of the great value of chiropractic treatment, the medical fraternity is fighting this mode of healing by every method that can possibly suggest itself to them.

Said Dr. Lee K. Frankel, of New York City, third vice-president of the Metropolitan Life Insurance Company, in an address to the American Public Health Association,—"We probably have not fully recognized the remarkable powers which are vested as a rule in a local health officer. In addition to his general activities he has, in most communities, the right to exercise very distinct police powers. He may remove an individual from his home, if he is a menace to the public health. . . . Communities must learn that the position of the health officer is of equal if not greater importance and dignity than that of any other official."

Do Dr. Frankel's statements show where we are drifting to, or do they not? The right to judge if a man be a "menace" to the public health or not will be confined to one school if the "regulars" can make it so. Our would-be medical kaisers must be very definitely shown their proper place in the community, and they no doubt will be at the next November elections.

JAS. FERGUSON,

# The One-Hundred-Cents Dollar

The inevitable adjustment which follows every period of inflated costs, is gradually appearing in some lines of trade, but not in all.

So far as Furniture is concerned, manufacturing costs of today are actually higher than a year ago. The retailer who sincerely desires to meet popular clamor for lower prices is confronted with two methods—

He may ignore popular demand and adhere to his customary profits based upon the higher costs he has been (and still is) meeting; or;

He may lower prices to a level which admits the slenderest possible margin of profit and depend upon a bigger volume of trade to "keep him going." We have already announced our decision to pursue the latter course.

## Spurgeon Quality Dependable Furniture

As low re-priced (and this includes every item in our stocks) marks a return to "the one-hundred-cents-dollar." Every purchaser here secures values such as may reasonably be looked for a year or so later. If you have present need for furniture, why wait?

## TALBERT GIRL BRIDE AT HOME WEDDING

TALBERT, Oct. 18.—A simple but pretty home wedding took place on Tuesday afternoon at the home of R. Courreges when his daughter, Miss Jessie Courreges, became the bride of Mr. Henry Landin of Los Angeles.

Rev. L. Gonest of Huntington Beach performed the ceremony during which the bride couple were attended by Mrs. Henry Lacabanne, sister of the bride as bridesmaid and John Courreges, a brother-in-law. Miss Lope Rameriz of Los Angeles sang "O Promise Me," preceding the ceremony.

The bride was becomingly dressed in a suit of dark blue with white hat and accessories to match and wore a bouquet of Cecil Brunner roses and maiden hair fern.

The rooms were beautifully decorated in streamers of pink and white. A sumptuous dinner was served following the ceremony at which covers were laid for the guests. A pretty array of gifts were showered upon the popular bride by relatives and friends.

Following the reception the young couple left amid a shower of rice and good wishes on a wedding trip to San Francisco where they will visit relatives.

That the Fountain Valley school on the additional bonds for the new district is to vote, in a short time school building was the decision made Friday evening at the meeting held at the Japanese hall.

The will of the people in the matter was clearly shown as favorable by the absence of numbers, only two attending from the district and these two trustees, Robert Wardlow and Mrs. A. T. Swift. Harry Fulton the third trustee was called away on business so could not be present.

County Superintendent of Schools R. P. Mitchell of Santa Ana acted as chairman making the decision to go ahead with the building legal.

On Monday the trustees with Mr. Bower & Sons of Los Angeles, the lowest bidder at the recent bidding, will meet at Superintendent Mitchell's office when the contractors are to sign the contract.

\$5000 is the amount decided to be necessary over the \$24,000 already voted for the building.

Rev. and Mrs. J. J. Woodson and Misses Mable Lee and Dorothy Woodson met Friday evening with the teachers of the Teachers Training class of the Greenville circuit.

The meeting was held at the Robt. Meas home near Garden Grove with fifteen present from the Talbert, Greenville and Bolsa churches. The meeting is the first held for two weeks, the time having been devoted by the pupils to a review of the section of the book which they have been taking up. The questions just received by the leader, Rev. Woodson, were opened on Friday evening and distributed for the examination. The papers are to be turned in to Rev. Woodson by Sunday and he will mail them back for grades. Eight of the class take the examination at this time.

## GYMNASIUM BUILDING IS PLANNED AT BREA

The Los Angeles promoters who are putting on the boxing bouts under the tent at Brea are planning the erection of a permanent gymnasium, with a gallery, shower baths and other equipment, according to announcement by Elmer Leary, manager.

Leary said that the proposed plans call for the erection of the building on the site at present occupied by the tent, and that completion of the building is expected by next spring. It is understood that the gymnasium will be run on a regular club basis, and will serve the additional purpose of housing the bouts.

"There was some opposition when we came here," Leary said, "but most of it died out when the people of Brea saw that we were running good, clean, square bouts, and furnishing entertainment based on real sportsmanship. We will continue to run the bouts on that basis, and that basis alone." Leary said that keeping the sport clean depended just as much on the fans as it did on the management.

## U. S. BANK DEPOSITS SHOW HUGE INCREASE

WASHINGTON, Oct. 18.—Bank deposits in the United States increased \$4,045,184,000 during the year ending last June 30, said a statement issued by Comptroller of the Currency Williams. Loans and discounts increased \$5,805,736,000.

Total resources of the national banks of the United States, including Federal reserve banks, were given in the Comptroller's statement as \$53,079,108,000. This did not include \$1,251,516,000 in deposits on national banks.

The capital surplus and profits of all banks were reported at \$5,953,983,000 an increase since June 30, 1919, of \$618,303,000.

Mr. Williams said the total resources of all the banks in the United States under State supervision as reported last June 30, amounted to \$29,667,855,000, an increase for ten years of \$3,287,326,000.

The total deposits, other than bank deposits, were reported at \$23,594,372,000, an increase for the year of \$2,855,325,000. The amount due to banks and bankers was reported at \$864,282,000, a reduction for the year of \$41,217,000.

## MRS. NED BROWN BUYS LOCAL CLEANING SHOP

HUNTINGTON BEACH, Oct. 18.—Mrs. Ned Brown has purchased the Cleaning Shop from E. Sarabere, and was to take charge of the business this morning.

Mrs. Brown is the widow of the late Ned Brown, and has a large number of friends here who will no doubt be pleased to patronize her establishment.

Mr. Sarabere will continue in the tailoring business, in the room next to the Cleaning Shop.

## BILLIE MIDDLETON ON TRIP TO DAVIS

COSTA MESA, Oct. 18.—Billie Middleton, who won first prize on his pig at the county fair, left for Davis, Calif., Wednesday, to attend the boys' and girls' farm convention.

Mrs. Harmon and Mrs. Miller of Newport, visited with Mr. and Mrs. J. R. Smith last week.

Mr. and Mrs. E. A. Spaulding returned home Thursday after spending several days with their son, Harold, who is at the Peninsula hospital in a very critical condition.

They have sold their place in Costa Mesa and are packing up to move to Phoenix, Arizona. They report that Harold is doing as well as could be expected but has not yet fully regained consciousness.

Mrs. Compton, who has been staying at the W. C. Spencer home, has moved into her new home.

The funeral services of Julian Baird were held Friday afternoon in Santa Ana. The sixth, seventh and eighth grades attended the funeral of their little playmate and placed flowers on his grave.

Mr. and Mrs. Herbert Baird, of Fellows, Cal., attended the funeral of Mr. Baird's little brother, Julian, on Friday.

Mrs. Sarah Parish, formerly of Costa Mesa, but now a real estate agent in Santa Ana, was a Costa Mesa visitor on Wednesday.

Mrs. Will Stearns, who has been ill for some time is now recovering.

Walter Carruthers, who is general manager of the National Press Association, of Los Angeles, but a resident of Costa Mesa, entertained four members of the Los Angeles advertising club Thursday with an aviation party. The guests and Pilot Col. Worsnop and Mr. Carruthers had a ride in a new all metal monoplane.

The party flew all over Costa Mesa at the rate of one hundred miles per hour and at an elevation of about two thousand feet. They took a trip of about one hundred and fifty miles.

A. P. Dodge of San Diego, the father of D. J. Dodge, celebrated his seventy-second birthday at the home of his son, D. J. Dodge Wednesday. Little Dorothy Dodge celebrated her sixth birthday on that day, also.

Miss Alice De Bow of Paulmarino, visited her grandmother, Mrs. Van Alstine, Sunday.

Carl Beltz of Santa Ana, Miss Alice King and Mrs. J. R. King motored to Van Nuys to see Harry King, formerly of Corcoran. Mr. King returned home with the visitors and expects to move his wife and family to Costa Mesa soon.

## NEW BILL WOULD GIVE WOMEN 50-50 CHANCE

PARIS, Oct. 18.—A bill has been introduced in the Senate repealing a clause of the civil code which asserted that the wife owes obedience to her husband.

Senator Louis Martin, who wants that clause wiped out of the statute books, says the time has come when the husband should no longer be an "absolute monarch" but the household should become a "constitutional monarchy."

Senator Collin opposed repeal on the ground that unless there is a well defined head of the household the door would be open to Bolshevism in the home.

Action on the bill has been postponed.

The phone number of the S. A. Welding Co. has been changed. Our new number is 176. W. W. Crawford.

## TROUBLES FROM MY AGE

Mrs. Baney tells how Lydia E. Pinkham's Vegetable Compound Helped Her Through the Change of Middle Life.

Rochester, Ind.—"My troubles were from my age and Lydia E. Pinkham's Vegetable Compound helped me wonderfully. I took doctor's medicine and other patent medicine, but the Vegetable Compound helped my nerves more than anything I have ever taken. I am thankful to the one who recommended it to me and will surely do my part in telling others what the medicine has done for me."

LETITIA BANNEY, 463 East 9th St., Rochester, Indiana.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dizziness, nervousness, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularity, constipation, variable appetite, weakness and dizziness should be heeded by middle-aged women and let Lydia E. Pinkham's Vegetable Compound carry them safely through this crisis as it did Mrs. Baney.

M. W. A. All Modern Woodmen, Royal Neighbors, and their invited guests are invited to attend a dance given Tuesday evening, October 19, at Modern Woodmen hall. Good music. Everything free.

## EXPECT DR. RAICHE AT FIRST OF WEEK

BALBOA BEACH, Oct. 18.—Dr. Bessie Raiche, who, for the past month, has been attending clinics in the leading hospitals of New York and Chicago, for special post-graduate work, is due to arrive in Balboa the first of this week.

Mr. and Mrs. W. W. Wilson, Mr. and Mrs. W. L. Roberts and Mrs. Florence Williams left Tuesday for Elsinore Hot Springs to spend a few days.

Mr. and Mrs. J. F. Knight returned home Wednesday after spending a week's vacation in Los Angeles.

Harry Jumper left Monday for Taft, where he has taken a position in highway construction work under Paul Kresley, city engineer of Newport Beach, who is now doing extensive road work in Kern county.

Jumper expects to leave in a short time to join her husband.

Mr. and Mrs. Spencer, C. Ashlin returned last Monday from a three months' trip to London, England. They report having had an enjoyable trip.

Mrs. Jeanette Morris left Wednesday for Riverside, where she will visit friends.

Miss Harriet Ochs and the Misses Florence and Mildred Crosier spent the week-end with Mr. and Mrs. W. W. Crosier, and were guests at dinner at the yacht club Saturday evening.

Mrs. W. P. Lutz and daughter, Elsie returned Wednesday morning from a month's trip in the east. Mrs. Lutz spent her time in Chicago, but Miss Lutz continued on to New York, where she visited with Miss Ruth Visel, of Santa Ana, who is now attending school in New York. Miss Lutz rejoined her mother in Chicago and they made the homeward trip together.

Mrs. Mayberry, daughter of Mr. and Mrs. Frank L. Dodge, returned last Sunday to Seattle, Washington, following a two months' visit with her parents.

Mrs. A. B. Roselle was a Los Angeles visitor on Tuesday.

## IT'S BETTER JOB THAN MANY THINK

Santa Ana post office, in common with many other post offices, has had difficulty in getting a list of substitutes for carrier service. That postal service is much more attractive than appears on the surface is asserted by Postmaster C. D. Overshiner.

For the information of prospective applicants for examinations for the position of post office clerks and city carriers, the following statement is made by Overshiner, concerning the advantages of employment in those positions:

The entrance salary is \$1400 per annum, or \$4.47 per day if Sundays are excluded, with an automatic promotion of \$100 yearly until the maximum of \$1800 per annum, or \$5.75 per day is reached. These promotions are mandatory under the law during satisfactory service.

Eight hours constitute the legal working day, and overtime on any regular working day is paid for at the regular rate of pay. During the substitute period the rate of pay is 60 cents per hour for all time actually worked.

Deducting 52 Sundays, 7 holidays, 15 days' annual leave, and a possible 10 days' sick leave, the average wage in the several grades for the year actually worked ranges approximately as follows:

First year, \$1400 per annum, which is at the rate of \$5 per day.

Second year, \$1500 per annum, or \$5.35 per day.

Third year, \$1600 per annum, or \$5.70 per day.

Fourth year, \$1700 per annum, or \$6.05 per day.

Fifth year, \$1800 per annum, or \$6.40 per day.

In addition to the foregoing salaries, clerks are in line for promotion to supervisory jobs, which pay from \$2000 to \$4000 per annum, according to the grade of the office. Promotions to the higher positions are based entirely on merit.

As these positions are under the classified civil service they are permanent, during good behavior, until the employee shall have reached the age of 65 years. After permanent appointments there are no lay-offs.

Annuity retirement on an annuity is provided for at 65 years of age, or in case of total disability, after 15 years' service, the maximum annuity being \$720 for 30 years of service.

All national holidays, a total of seven annually, are allowed with pay; as well as 15 days' annual leave or vacation time with pay, exclusive of Sundays and holidays, and sick leave with pay at the rate of 10 days per year, cumulative for a period of three years. Employees are not required to work on Sundays or holidays unless it is absolutely necessary, and for all such service they are allowed compensatory time.

Employees are also given protection under the Compensation Act. If injured in the service and totally disabled, an employee is entitled to receive not exceeding \$66.66 per month during such disability. Provisions are also made for smaller payments for partial disability.

Medical and hospital service is provided by such injury, and for payment of annuities to dependents in case of death as a result of such injury. In case an employee dies while away from home, the sum of \$100 towards burial expenses is provided.

M. W. A. All Modern Woodmen, Royal Neighbors, and their invited guests are invited to attend a dance given Tuesday evening, October 19, at Modern Woodmen hall. Good music. Everything free.

## ATHLETIC EVENTS TO BE FREE IN ORANGE

ORANGE, Oct. 18.—Football fans will be pleased with the announcement that all games and athletic events at the high school this year will be free to students and the public.

Arrangement has been made possible by the generosity of the board of trustees who have promised that all contests will be financed by the school district.

The school trustees believe in a boy living west of Fullerton who is almost totally blind from this cause and has been for the past three weeks. So far there has been no improvement and only time will prove whether he will recover or not.

The green walnut hulls contain a large proportion of tannin, and this when it comes in contact with the eye ball, coagulates the albumen or in other words cooks it, he stated, so it is very necessary that adults and children who are working with the nuts should be very careful not to rub their eyes with the bare hands.

Aside from the one serious case referred to there are a number of others reported to be similarly afflicted but are not as serious.

## CLINIC ACQUIRES ADDITIONAL ROOM

ANAHEIM, Oct. 18.—The two-story brick property located at 117 North Claudia and known as the local and House, was purchased by the John-Wickett clinic. The building has been under a term lease but it was decided that on account of the rapidity in which the business of the clinic is increasing, it would be probably in the near future to remodel and enlarge their quarters.

New departments are being opened up and more are in contemplation. Dr. Joseph Robinson, a well known specialist in diseases of children will arrive from the East early in November and will have charge of the department of diseases of children in the clinic. The purchase of the Fullerton hospital which was made in August has provided but temporary relief for the hospital problem. Both hospitals are crowded today to more than their limit in order to accommodate the patients from local and distant places, and it was stated today that unless the efforts that have been made for either enlarging the Anaheim hospital or building a new one were crystallized into action in the near future, a second story would probably be added to the Fullerton plant.

The deal was consummated by C. C. Latshaw and company.

## CANADA NEEDS MANY BANK CLERKS, REPORT

MONTREAL, Que., Oct. 18.—"Bank clerks wanted," advertisements have been appearing recently in Canadian dailies and an official of one of Montreal's leading financial institutions when asked concerning a recent ad for bank clerks appearing in the "help wanted" columns admitted a serious shortage in bank help, despite the fact that hundreds of girls have been employed and try and fill gaps left open by men seeking other employment.

The official questioned said that while men in business for themselves had made enormous profits and salaries employees had not offset the increased costs of living with the result that many men left banks to go into other lines.

An Ontario bank with many branches is reported to have engaged many clerks through a London office, but still reported a shortage of help.

## 104 EGGS IN AS MANY DAYS, RECORD, CLAIM

OTTAWA, Canada, Oct. 18.—A record yet to be beaten in continuous egg-laying has, according to F. C. Elford, Dominion Poultry Husbandman, been made by a Barred Rock pullet at the experimental farm at Kentville, N. S. This pullet has laid 104 eggs in 104 days. As a rule, a hen lays two or three days and then misses a day, and some are known to have laid five or six dozen without a break, but never before, in the knowledge of the Dominion Poultry Department, has a hen laid 104 eggs without a miss.

## ANAHEIM WOMAN ASKS FOR DIVORCE DECREE

A suit asking for divorce from William James Postlewait, of Anaheim, who alleged that she and her husband have been separated for three years, and that he deserted her. They were married in 1906, and have no children.

She also stated that Postlewait ceased to love her and would mysteriously disappear for long periods of time without informing her of his whereabouts. She asks a divorce, her attorney's costs, court costs, and a stipulated sum per month for support while the suit is pending. She alleges that Postlewait earns \$20 per month.

## Safe Fat Reduction

Reduce, reduce, reduce, is the slogan of all fat people. It is the cry of society and fashion. The overweight woman, whose hands in mortification and helplessness, revolve at nauseating speeds, afraid of violent exercise, dreading the unwelcome and unsatisfying diet, until they hit upon the harmless Marmola Tablets.

It behooves you to learn the satisfactory, beneficial effects of this great, safe fat reducer by giving to your druggist the responsible one dollar for a good box of Marmola Tablets, or a good box of Marmola Tablets, or a good box of Marmola Tablets, or a good box of Marmola Tablets.

## WARNS OF POISON ON WALNUT HULLS

ANAHEIM, Oct. 18.—That the juice from green walnut hulls is very injurious to the cornea of the eye is evidenced by the several cases that have just come to light recently. Dr. J. P. Brastad declared, stating that he had one very severe case, a boy living west of Fullerton who is almost totally blind from this cause and has been for the past three weeks. So far there has been no improvement and only time will prove whether he will recover or not.

The green walnut hulls contain a large proportion of tannin, and this when it comes in contact with the eye ball, coagulates the albumen or in other words cooks it, he stated, so it is very necessary that adults and children who are working with the nuts should be very careful not to rub their eyes with the bare hands.

Aside from the one serious case referred to there are a number of others reported to be similarly afflicted but are not as serious.

## BROKEN WALK CAUSE OF INJURY, CLAIM

A suit through which Mrs. Edith J. Tyer will seek \$10,000 damages from "John Doe" Brownell, of Newport, was on file today in Superior court.

Mrs. Tyer claimed to have sustained injuries to her ankle and knee on October 15, 1919, when, at about 9:30 p. m., she was asked by Brownell to call at the Seaside apartments, corner of Ocean front and Seventeenth streets, Balboa.

She alleged that Brownell maintained a boardwalk across the alley, connecting the cement walks, for the benefit of the patrons of his hotel, and that on October 15 this boardwalk had negligently fallen into disuse, and was dangerous—as she herself proved by turning her ankle while walking on it.

She alleged that her knee was injured, and frequently comes out of joint, and that she is forced to wear a surgical bandage on it continually.

For all of which she asks for \$10,000. Her attorney is Charles L. Evans, of Los Angeles.

## GIVES STARTLING CRIMINOLOGY DATA

BERKELEY, Calif., Oct. 18.—No less than 40,000 pupils now attending public schools in California alone eventually will be in hospitals for the insane, if the future is to be judged by the past, and therefore, the crime prevention problem is essentially a school and medical problem, in the opinion of Chief of Police August Vollmer of Berkeley, noted criminologist.

Vollmer bases this estimate on the fact that 4000 persons are committed annually to institutions for the insane in this state.

In addition to those 40,000, says Vollmer, there are 30,000 who will be sent to penal institutions.

"We should try to prevent crime rather than simply to punish the criminal," Vollmer points out. "The work must be done in the public schools, and we must begin early if the work is to be effective."
